

Williams Waits As Candidates Of GOP Slug It Out

LANSING (AP)—Four Republicans are slugging it out in the final week of the 1954 primary election campaign for a chance to oppose Gov. Williams at the November general election.

Meanwhile, Williams, the sole Democratic candidate, is coasting to an unopposed renomination on his side of the ballot.

Who are these four Republicans who are working so hard to stir voter interest in a hot summer campaign?

Records Compared

They are State Treasurer D. Hale Brake, Secretary of State Owen J. Cleary, Dr. Eugene C. Keyes, the former lieutenant governor; and Donald S. Leonard, former state and Detroit police commissioner.

Let's look at their records.

Brake is 63 and a native of Kent County. He is in his 12th year as state treasurer. Previous to that he was prosecuting attorney of Montcalm County, a state senator for four terms and president pro tempore of the Senate.

Brake operates a 500-acre farm just outside Stanton. He is married and the father of three sons.

Brake has been most widely known outside the capitol as a believer in strong Republican party organization and responsibility. Equally so, he has been a fighter for strong local government.

Operates College

Cleary is 54 and a native of Ypsilanti where he operates the Cleary Business College and practices law. He was chairman of the State Liquor Control Commission from 1947 to 1949. He is serving his first term as secretary of state.

Entering the Army in 1918, Cleary served for many years with the Michigan National Guard.

He was chosen chairman of the Republican State Central Committee in 1949 and in the following four years became widely known as an aggressive organizer and speaker. He is married and has two children.

Keyes is also 54. A native of Canada, he has lived in Dearborn since he was 21 and now operates his own hospital there.

After being defeated for lieutenant governor in 1950, he was elected to the Michigan House of Representatives in 1952.

Runoff In Texas Election Aug. 28

DALLAS, Tex. (AP)—County Democratic executive committees meet today to canvass the primary election returns that indicate runoff elections for governor and other Texas offices.

The runoff will come Aug. 28 after the State Democratic Executive Committee in turn makes a canvass Aug. 9 of all primary returns, district and state.

Meanwhile, Gov. Allan Shivers led Atty. Ralph Yarborough by 650,919 votes to 632,040 in latest returns announced Monday night by the unofficial Texas Election Bureau. Two lesser candidates — Arlon B. Davis of Dallas, with 16,062 votes, and J. J. Holmes of Austin, with 15,538—combined to force the runoff.

Candidates must have a clear majority of all votes to win.

The campaign for governor, now narrowed to Yarborough and Shivers, promised to be a bare-knuckled, dog-eat-dog fight.

Shivers led the Texas Democratic party organization into the Republican camp in 1952 and was the moving force that put Texas in the Republican presidential election column. Yarborough supported Democrat Adlai Stevenson.

Details Checked In Indianapolis Hotel Strangling

INDIANAPOLIS (AP)—A contractor was being brought to Indianapolis from East St. Louis today to tell what he knows about Victor Lively, who is charged with the hotel room slaying of Dorothy Poore, 18. The girl's body was found stuffed in a hotel room dresser drawer.

Albert Cohen, who employed Lively as a salesman in St. Louis, waived extradition on a charge of being an accessory after the fact.

Story Denied

Lively, a 25-year-old Texan, told Indianapolis police he called Cohen after the Clinton girl was strangled. He said Cohen sent two men to help him stuff the girl's body in a dresser drawer. Cohen denied the story.

Cohen, who told of befriending Lively after picking him up as a hitch-hiker, put police on the man's trail in the St. Louis area last week. He reported Lively had become excited and left after reading of the killing in an Indianapolis newspaper.

Police hoped questioning of Cohen would help clear up discrepancies in statements given by Lively.

Lured To Room

The Indianapolis Star said authorities believe Lively was a "contact man" for a prostitution ring and lured the girl to his room with a promise of a respectable job. Lively described Miss Poore as a "nice girl" and said she resisted his advances.

The mysterious "Ruth", named by Lively as the girl's companion, was believed to be a prostitute recruiting business for a vice ring. She is being sought.

The job offer was borne out by Lively's use of the name "O'Shea" in registering at the Claypool Hotel. Miss Poore had been to the O'Shea employment agency in her job hunting here. The Claypool reported that a woman telephoned for "Mr. O'Shea" a short time before Lively registered.

They are Ralph Holewinski, Otsego County sheriff and Ivan O'Farrell, Isosco County sheriff. The display is located in the lobby of the House of Ludington.

Fighting Ended In Indochina After 7 Years, 7 Months

By FORREST EDWARDS

HANOI, Indochina (AP)—The French and the Vietminh ordered firing stopped in part of Indochina today — 7 years, 7 months and 8 days after Moscow-trained Ho Chi Minh's rebel legions attacked Hanoi.

The truce negotiated at the Geneva conference became effective in North Viet Nam and its rich Red River delta at 8 a.m. (7 p.m., CST, Monday).

The armistice is scheduled to spread gradually over the four other sectors of the war-ravaged Southeast Asia land, becoming effective on Aug. 1 in Central Viet Nam, Aug. 6 in Laos, Aug. 7 in Cambodia and Aug. 11 in South Viet Nam.

Mines Take Toll

Hanoi's big guns roared sporadically throughout the night before the cease-fire became effective and the Vietminh kept up pressure on outlying posts manned by Viet-

name units. In recent days the Reds have concentrated on such posts in an apparent effort to encourage desertions and prevent the native troops from moving south with the departing French.

There was no certainty that the killing and wounding had stopped in North Viet Nam. This was a cease-fire, not a signed peace.

Mines sowed along the roads and paths and in the rice fields may take their toll for months.

No one could be certain that all the thousands of Communist-led Vietminh guerrillas or all the irregulars loyal to the French-supported Viet Nam government had received the stop-fighting word or would obey it.

Many observers believe it will be a matter of only two to four years before communism engulfs all of Viet Nam and perhaps Laos.

Supports Family

Meeting Gets Tense

In two tense incidents, the conflict between Williams and the lawmakers was portrayed dramatically.

One came when the "Little Legislature" forced Williams to stop talking and put a motion to adjourn. He was the presiding officer.

The other came when Rep. Harry J. Phillips (R-Port Huron), the House Republican floor leader, barged into Williams' press conference to deny Williams' statements that the Legislature was so hostile there was no use of a special session.

Williams had just finished talking to reporters in his private office when Phillips strode in, grinning.

"I want to repeat what I told you in the hall," Phillips said. "I have talked to various Republican leaders and you can have your new building if you'll call the full Legislature, if you'll expedite the buildings we already gave you money for and if you'll have a good plan to meet Warden Heyns' theory."

Williams replied, "I told you.

Chances are, the woman who doesn't gossip has no friends to speak of.

U.S. Warns Chinese Reds To Halt Plane Attacks

First American Woman Diplomat Mrs. Rohde Dies

COPENHAGEN, Denmark (AP)—Mrs. Ruth Bryan Rohde, America's first woman diplomat, died Monday following a heart attack. She was 68.

Mrs. Rohde, daughter of the late William Jennings Bryan and a former U. S. congresswoman, served as U. S. minister to Denmark from 1933 to 1936.

She returned to Copenhagen early this month to thank King Frederik for the Medal of Merit which he bestowed upon her earlier this year. Stricken with heart trouble, she was admitted to a hospital last week. Doctors said death was due to coronary thrombosis.

Had Famous Father

Mrs. Rohde's appointment as a U. S. envoy by President Franklin D. Roosevelt capped a distinguished career as a member of Congress, lecturer, author, war nurse and university teacher. The appointment also marked a milestone in the emergency of women into diplomacy. Only one other woman in the world previously had been a ranking envoy — Alexandra Kollontay, named Soviet minister to Norway in 1923.

Mrs. Rohde was born in Jacksonville, Ill., in 1885. Her father, a renowned orator and three times Democratic party candidate for president, moved his family to Lincoln, Neb., when she was a child. She went to public schools there and later attended a girls school at Godfrey, Ill., and the University of Nebraska.

Mrs. Rohde married three times and was the mother of four children.

Supports Family

Her first marriage, to an artist, William Homer Leavitt, ended in divorce in 1909. The following year she married Reginald Owen, a major in the British army's royal engineers. Following him to Egypt during World War I, she served

**Higher Tariff
On Swiss Watch
Imports Sought**

WASHINGTON (AP)—Heavy pressure to protect a key industry in the production of delicate wartime instruments bore down on President Eisenhower today as he considered whether to order his first major tariff increase—on imported watch movements.

The Tariff Commission has recommended a 50 per cent increase in tariff rates to protect the highly skilled domestic watchmaking trade.

Consumers Have Stake

Scores of other industries, interested in their own protection from lower-cost foreign imports, waited with interest. Lead and zinc producers also have a tariff increase bid pending on Eisenhower's desk.

Foreign governments were concerned whether the movement for free world trade — already jarred by Congress' inaction on Eisenhower's three-year plan of gradual tariff reduction—might receive another setback.

Although the U. S. watch industry is comparatively small, consumers have a stake too. Importers estimated the tariff boost, if approved in full, would increase the cost of an imported watch by \$3.50 to \$5.

Other Boosts Rejected

Since he took office Eisenhower has turned down Tariff Commission proposals for higher duties on briar pipes, shears and scissors and groundfish fillets. He approved in part a recommendation for in-

NO SWIMMING HERE—Shortage of water in Springfield, Ill., has been so acute over the last two years that the beach at Lake Springfield was not opened this year. Diving platform at right once stood in deepest part of the beach. (NEA Telephoto)

Hopes Dim For Break In Senate Deadlock Over Atomic Energy

By JOHN CHADWICK

WASHINGTON (AP)—More words rained down in the Senate today to darken hopes for an early break in the deadlock over an Eisenhower administration bill to overhaul the nation's atomic energy law.

There was a quickened pace on the bill Monday night. In a relatively amicable mood, the Senate acted on more than half a dozen proposed changes. Several advanced by Democrats were accepted by the Republican leadership. There was even talk of an overnight recess and final action Wednesday.

Talks Through Night

Then the spirit of cooperation came to a jarring halt, just before midnight. Sen. Morse (Ind-Ore), opposing the administration measure, launched into a speech that carried the Senate into another around-the-clock session, the fourth in less than a week.

Morse, who bolted the Republican party in 1952 to support Democratic nominee Adlai Stevenson for president, told senators they could be sure of a good night's rest while he talked "to the country for a few hours."

Just before Morse began, Senate Republican Leader Knowland of California had resorted to a parliamentary device that apparently revived, at least for the time, the

Former Manistique Man Drowned Trying To Rescue Daughter

TROUT LAKE—Coming to the assistance of his frightened daughter cost the life of James Osterhout, Eckerman, at 7:45 p. m. Monday. He was formerly of Manistique.

Osterhout, 63, became exhausted after swimming to the aid of his nine-year old daughter at the lake here. Osterhout was reported to have taken water and gone under.

He was rescued by onlookers and received artificial respiration for nearly two hours. The attempt to revive him failed.

His daughter had been drifting in an inner-tube when she became excited and called for help. Osterhout attempted to push the inner-tube towards shore but collapsed.

The body was taken to the Messier-Broullire funeral home in Manistique.

Britain Relays Note

In London, Foreign Secretary Anthony Eden told Parliament that Britain already has the American note for relay to the Red Chinese.

He said:

"I have been requested to instruct our charge d'affaires in Peiping to convey a protest to the Chinese government on behalf of the United States government both in respect of the six U. S. citizens killed and wounded in the British airliner and the wanton interference with search and rescue operations in the area of the incident."

Eden also revealed that about an hour after the British airliner was shot down on Friday the Red Chinese sent a message warning that any warplanes sent to search would be fired on if they approached land.

**Lake Race Won
By Chicago Yawl**

MACKINAC ISLAND (AP)—The Chicago yawl Manitou was second across the finish line today but won the 33-mile Chicago to Mackinac sailing race on corrected time.

The 72-foot Detroit yawl Escapade, winner of the recent Port Huron to Mackinac race, finished first but lost out as it had to give too much of a handicap to the rest of the fleet.

Escapade crossed the finish line at 7:02 a.m. (EST) after spending more than 65 hours on the Lake Michigan course. Manitou came across at 7:21 a.m.

Escapade gave more than two hours and 25 minutes to Manitou, her top rival. Anderson's giant, winner last week of the 285-mile Port Huron to Mackinac race, carried a 27-minute handicap in this run.

Third across the line was the cutter Revenge, followed by the yawl Hilaria, and the cutter Marita.

**President Peron Plans
Newspaper Monopoly**

BUENOS AIRES, Argentina (AP)—President Juan Peron says his aim is to place all newspaper enterprises exclusively in the hands of a single organization of newspapermen pledged to the service of the Argentine people.

His views were expressed at a luncheon when he spoke to newspaper men who cover Government House.

"It has been said we seek a monopoly over newspapers," the President said. "I would like a monopoly over newspapers in order to place it in the service of the country."

Feeling Grows Bitter Toward Peiping Regime

By G. MILTON KELLY

WASHINGTON (AP)—The United States has dispatched to Communist China a sharply-worded demand for an immediate halt to Red plane attacks against American and British aircraft.

Diplomatic officials reported the stiff note was given to Britain to relay to the Red China regime as a follow up to the weekend clashes over the South China Sea.

The note, it was said, denounced the "brutality" of the Chinese Communists in shooting down a British commercial airliner Friday and later belligerent attempts to interfere with rescue operations by American mercy planes.

Britain Relays Note

In London, Foreign Secretary Anthony Eden told Parliament that Britain already has the American note for relay to the Red Chinese.

He said:

"I have been requested to instruct our charge d'affaires in Peiping to convey a protest to the Chinese government on behalf of the United States government both in respect of the six U. S. citizens killed and wounded in the British airliner and the wanton interference with search and rescue operations in the area of the incident."

Rotary Visits Camp Harstad

Escanaba Rotary Club meeting at Camp Harstad Monday noon honored the camp staff, many of them volunteers, who conduct a summertime recreation program for the benefit of about 35 crippled and handicapped children of the Escanaba community.

President Denis McGinn conducted the meeting and Nevin Reynolds, program chairman, presented Camp Harstad staff members and expressed the appreciation of the club for their work.

Pierre Brohan of Paris, French youth who is a guest of Rotary in Escanaba this summer, was presented and spoke briefly. His twenty-second birthday anniversary was observed and he was presented with a gift.

Silent tribute was paid the memory of the late Ole Harstad, benefactor of Camp Harstad, and honorary Rotary Club member, who died last spring.

Recent gifts to Camp Harstad were announced, including a new aluminum boat from the Pulp & Sulphite Workers Union for use at the waterfront; and \$134.65 in pennies from Gene Beaudoin of the Triangle Tavern.

Camp Harstad staff honored by Rotary included:

Clarence Moore and Cory Hartbarger, co-directors; Mrs. Ethel Hennessey, cook; Mrs. Henry Donnelly, the "story lady"; Mrs. Alice Hartbarger, music.

Counselors Barbara Peterson, Barbara Groos, Pat Hicks, Peggy Douglas, Helen Brackett, Judy Cass, Lyn Mallick, Dar Lene Johnson, Jimmy Dunlop, Madeline Bonamer and Joan Peterson.

Guests at the meeting included John M. Bush of Negaunee, honorary member of the Escanaba Rotary Club and contributor to Camp Harstad.

Industrial Prospects Of Peninsula Outlined At Kiwanis Meeting

Some suggestions for helping along an industrial and business boom in the Upper Peninsula were given to Escanaba Kiwanis club members Monday by Charles Burton, Gladstone real estate dealer.

Burton summed up briefly the standing assets of the Peninsula, and then took note of new developments which will add to the resources of the area. These included the Great Lakes Seaway and the Straits of Mackinac bridge, longest in the world, which will be ready for the first traffic in 1957, it is expected.

The Upper Peninsula is the center of the largest fresh water supply in the world, Burton pointed out, and water continues to be one of the top assets of the region, along with timber, minerals, agricultural lands and tourist attractions. Forests and allied products still rank first in cash-producing sources for the Peninsula. A group of industrial realtors who recently toured the region above the straits were won over by the potentialities of the district, Burton declared.

The speaker was introduced by William J. Duchaine, Kiwanis Club program chairman.

September Draft Call Is For 1,252

LANSING (P)—Michigan was ordered today to send 1,252 men for military service during September.

Col. Arthur A. Holmes, state draft director, said the September call was the second highest so far this year but is only one more than the August call.

Wayne County will furnish 485 men and the outstate counties 767.

OFFICERS AND DIRECTORS of the Michigan Sheriffs Association which will conclude its three day convention Wednesday are shown here at the convention headquarters, the House of Ludington. Seated are Merritt McBride, Bad Axe, vice president; Albert Jacobson, Marquette County, president; Louis Johnson, Alle-

gan County, secretary-treasurer; Standing are F. E. Lucas, St. Clair County, past president; William Miron, Delta County, past president; Charles Osterberg, Wexford County, director. Not present when the photograph was taken was John Kilborn, Emmet County, director.

Williams, Leonard Address Sheriffs

Governor G. Mennen Williams this morning addressed the convention of sheriffs who are meeting in Escanaba and presented his proposed program for cutting down the number of holiday accidents.

Gov. Williams pointed out that rural fatalities," said the governor, during holidays are rising each year while city deaths are decreasing slightly. He quoted 1953 figures which showed 72 per cent rural and 28 per cent urban deaths due to traffic accidents.

"The reason for the increased rural fatalities," said the governor "is mainly increased traffic on the rural roads." He said that there were 93,000 miles of rural trunk roads and 83,700 miles of county highways in the state. Williams added, "Although we have many more miles of rural roads to patrol, there are only one-fifth of the law enforcement officers to patrol them."

7-Point Program

The governor called for a seven point program which would utilize all the existing trained manpower to reduce holiday fatalities. His program is as follows:

1. Cancel all passes for State Police officers and put them on patrol during holiday weekends.
2. Get sheriffs to put on additional men.
3. Get truckers to keep their trucks off the road if possible.
4. Use Michigan National Guard units for traffic patrols.
5. Use auxiliaries from the civilian defense units who are trained for traffic duty.
6. Move city police from cities where traffic is down on holidays to rural areas.
7. Use Conservation Department, State Police and National Guard planes for traffic duty.

The State Police would act as the coordinating body according to Williams but the sheriffs would be the key men because they are the only ones who can deputize the ex-

Briefly Told

Little League—The Little League All Stars will hold a practice session at 1:30 p. m. Wednesday at City diamond.

Bitten By Dog—Mrs. Albert Deiter Jr. was bitten by a stray dog at Pine Ridge Sunday. She was taken to St. Francis Hospital for medical treatment.

Marriage License—Application for a marriage license was made to County Clerk William Butler by Arnold Stewart, 517 1st Ave. N., Escanaba and Dorothy Bovin, N. 17th St. Gladstone.

Elks Pay Tribute—Officers and members of Escanaba Lodge 354, B. P. O. Elks, will meet at the Alo funeral home tonight at 8:30 to pay tribute to the memory of Mike Walsh, active member of the lodge, who died Monday.

Theft Reported—Victor Peterson today reported to Escanaba police that several sacks of cement have been stolen from his concrete block plant at 826 N. 23rd St. The thefts occurred during the night, he told police.

Motorists Ticketed—Escanaba police have issued traffic violation tickets to the following motorists: Charles W. Cass, 211 S. 11th St., defective tail light; Robert W. Kanes, 316 S. 9th St., defective tail light; Fred Brunelle, Escanaba Rte. 1, defective brakes; David G. Judson, 232 S. 23rd St., speeding.

Two Persons Hurt, Four Cars Damaged In Two Accidents

Two persons suffered minor injuries and damages totaling \$500 were incurred late yesterday and early today in two automobile accidents investigated by Michigan State Police of the Gladstone post.

Robert C. Cox, 36, of 500 Maple St., Peshtigo, and his daughter, Joan, 11, suffered bruises and lacerations at 4:30 a. m. today when the Cox car skidded and hit the ditch on US-2 one-tenth of a mile east of the Whitefish River bridge.

Three cars were damaged in a three-car accident at 4 p. m. yesterday on US-241 one tenth of a mile north of County Road C-2 (the Terrace Garden Road). State police reported. There were no injuries and no tickets were issued.

The cars were driven by Elton Burkman, 32, of Gwinn, whose car was damaged to the amount of \$200; Atty. Alger W. Strom, 58, of 601 N. 9th St. Gladstone, \$150 damage; and Rev. Harold Christiansen, Stauchfield, Minn., \$5 damage.

State Police said the accident occurred when Rev. Christiansen slowed down behind a gravel truck that stopped to make a turn. His car was struck in the rear by Burkman's car when

Obituary

MIKE WALCH
Funeral services for Mike Walsh, well known Escanaba tavern proprietor who died suddenly yesterday, will be held Wednesday at 10 a. m. at the Allo Funeral Home chapel with Rev. Stephen Schneider, O.F.M., of St. Joseph's Church officiating. Burial will be made in Lakeview Cemetery.

The rosary will be recited this evening at 8 o'clock.

More people get more news from newspapers than from all other sources combined.

DOUBLE TALK

CORN, Okla. (AP)—The race for high school valedictorian ended in a dead heat between twins Richard and Roger Siemens who had identical grades. Half the valedictory address was made by each boy.

You hardly ever see a person wearing a Maico hearing aid

...that's because most persons wear it without a cord on the body or neck.

Maico is the hearing aid designed for hearing—not seeing! No more dangling cord nuisance! Forget the uncomfortable "button-in-the-ear" method of wearing! Get a Maico TRANSIST-EAR . . . so tiny it hides in your hair . . . so finely engineered it provides you with a new superior sense of hearing.

WEIGHS ONLY ONE OUNCE

Maico's dainty TRANSIST-EAR is especially made to be worn on your head, the way Nature intended you to hear. By removing the hearing aid from beneath layers of clothing, you hear sounds distinctly, with no muffling or scratching—and you can instantly detect where sound is coming from, without twisting your body.

See your Maico dealer now! He'll show you how TRANSIST-EAR disappears from sight in your hair. He'll explain how you may wear TRANSIST-EAR with jeweled "Hear-Rings" or with Maico's exclusive "Secretive." Either way gives you maximum concealment. Men, too, may wear TRANSIST-EAR without a cord on neck or body.

Mrs. Pearl Witte — Maico Hearing Service
1011 First Ave. S.—Phone 340-J—Escanaba, Mich.

Tourist Lodge Is Planned Here

A tourist lodge to serve the travelling public of the Escanaba area will be established at the intersection of 23rd St. and Ludington St., the Hansen and Jensen Oil Co., during the month of August, the Chamber of Commerce has announced.

The tourist lodge is being established on an experimental basis and will be sponsored by the Chamber of Commerce with the financial support of local fishermen.

The tourist lodge will disseminate tourist information and keep a day to day check on existing vacancies of resort accommodations. The lodge will require an expenditure of about \$500 to pay the cost of an attendant and maintenance of the lodge. John D. Boyle is chairman of the tourist lodge committee and other members are Gust Asp, Erling Arntzen, J. J. Bartella and William Warmington.

Upper Peninsula Briefs

MENOMINEE — Planting of 25,000 fingerling large mouth black bass in the Menominee River near the Grand Rapids hydro-electric plant west of Ingalls is reported by Robert Riek of the Menominee Conservation Club.

IRON MOUNTAIN — Dr. Walter A. Werner, of Gale City, Va., has assumed his duties as director of the Dickinson-Iron County Health unit, following his appointment to the post by supervisors of both counties.

SAULT STE MARIE — Quick action by Robert Scaife, 12, of Glenn Ellyn, Ill., who applied the new type of artificial respiration he learned in Boy Scout first aid training, saved David Scaife, his three-and-a-half-year-old brother from drowning at Sea Lion lake, near Florence, Saturday night.

IRONWOOD — Gilbert J. Trier, of Ironwood, former vice-president of the Upper Peninsula Division, Michigan Pharmaceutical Association, was elected president of the U. P. group, succeeding J. F. Martin, of Marquette, at the 20th annual Division convention held here Saturday and Sunday.

Wife Of Former Iron Mountain C of C Secretary Dies

IRON MOUNTAIN — Mrs. Angela Cousineau Schrader, 32, wife of Walter Schrader, former secretary of the Iron Mountain-Kingsford Chamber of Commerce, died suddenly Monday morning in a hospital at Denver, Colo.

Mrs. Schrader had been a patient at the hospital since she underwent surgery about six weeks ago. She suffered a relapse last week and her condition suddenly became critical over the week-end.

She is the daughter of Mr. and Mrs. John Cousineau, Kingsford, who have been visiting with their son-in-law and daughter for the past two months.

Born July 18, 1922, at Garden, Mich., Mrs. Schrader came to Kingsford with her parents when she was two years old. She attended schools here and graduated from Kingsford high school with the class of 1940.

The Schraders lived here until two years ago, when they moved to Colorado. Mr. Schrader was athletic coach at Kingsford High School before becoming secretary of the Chamber of Commerce, a position he held for two years. In 1952, Mr. Schrader accepted a Chamber of Commerce position at Denver.

In addition to her husband and parents, Mrs. Schrader leaves two sons, Jack and William, and two brothers, William, of Denver, and Harris, of California.

Arrangements for funeral services have not been completed.

A steam automobile was built in France in 1769.

NOTICE To The Qualified Voters Of Cornell Township:

Primary election will be held on Tuesday, Aug. 3, 1954 for the State and County officers. Polls will be open from 7 a. m. to 8 p. m.

St. Joseph's Class Of 1939 Holds Reunion

A 15 year reunion was held Saturday, July 24, by the Class of 1939 of St. Joseph's High School. Program for the day opened with High Mass at 9 a. m. at St. Joseph's Church, when the class members received Holy Communion in a body. Father Stephen Schneider gave a short address and welcomed the class. Following the Mass, a breakfast was served at the Delta Hotel.

The evening program took place at the Terrace Gardens with a cocktail hour beginning at 6:30. A dinner was served at 7:30 for 27 members of the class and their wives, husbands and friends. There were 36 members in the original class of '39.

Table centerpieces were bouquets of purple asters and gold-colored mums flanked by gilded tapers. On the gold place cards were graduation pictures of the class members. Purple and gold, which are the school colors of St. Joseph's, were also chosen as the class colors. Each lady was presented a small yellow rose corsage, which was the class flower. These were a gift of Donald Trotter.

Following the dinner, Mrs. Kenneth (Irene Aschinger) Lewis, chairman of the class reunion, welcomed the class. Don Trotter, as master of ceremonies reminisced with the class about their high school days. James Ashland read the roll call, recalling what each member was noted for in high school. A letter of greeting from Sister Mary Clementine, who had been their senior home room teacher, was read by Mrs. Lewis.

The class prophecy was read by Mrs. George (Monarie Desmond) Hughes, and Miss Josephine Vandenberg read excerpts from the school paper about each class member.

An award was given to James Ashland for traveling from Dubuque, Iowa to attend the union.

Mrs. Jeannette Lancoir Chenier received the award for the most children. Mr. and Mrs. Frank (Stella Weissert) Rodman won

the award for being married the longest. Mr. and Mrs. Don Trotter were presented an award for the newest married couple, and Mr. and Mrs. Austin Pouliot received a gift for the newest baby. Several other gifts were also presented.

The committee who aided Mrs. Kenneth Lewis in planning the reunion were Mrs. Palmer (Dorothy Vogel) Derouin, Mr. and Mrs. Francis (Eleanor Bourdais) Rodgers, Mrs. Ivan (Mary Grace Ammel) Kobasic and Donald Trotter.

Following the banquet and program, dancing was enjoyed for the remainder of the evening.

Out of town members attending were Mr. and Mrs. James Ashland, Dubuque, Iowa; Mr. and Mrs. John (Alyce Beauchamp) Hanley, Chicago; Mr. and Mrs. Henry Leisner, Milwaukee; Mr. and Mrs. Clarence (Lorraine Menard) Sharkey, Menominee, Mich.; Mr. and Mrs. George (Monarie Desmond) Hughes, Mrs. Lawrence Klotz, Milwaukee, Mr. and Mrs. J. (Margaret Needham) Stepanowski, Milwaukee, Mr. and Mrs. Steve Smokovick, Alpena, Mich., and Miss Josephine Vandenberg and Mrs. Edward Michaels, Hines, Ill.

Those attending from Escanaba and vicinity were Mr. and Mrs. Ivan (Mary Grace Ammel) Kobasic, Mr. and Mrs. Kenneth (Irene Aschinger) Lewis, Lloyd Baker, Miss Violet Boudreau, Mr. and Mrs. Francis (Eleanor Bourdais) Rodgers, Mr. and Mrs. Wilfred Casey, Mr. and Mrs. Fern Dupey, John Goodman, Mr. and Mrs. Andrew Hughes, Mr. and Mrs. Wesley (Jeannette Joran) Hansen, Mr. and Mrs. Joseph Kroll, Mrs. Jeannette Lancoir Chenier, Mr. and Mrs. John (Marion Somin) Kidd, Mr. and Mrs. Donald Trotter, Mrs. Willard (Mildred Valind) Severinsen, Leslie Varino and Miss Eleanor Spitzer, Mr. and Mrs. Palmer (Dorothy Vogel) Derouin, Mr. and Mrs. Austin Pouliot and Mr. and Mrs. Frank (Stella Weissert) Rodman.

In Leopoldville, capital of the Belgian Congo, the aboriginal population has increased from 30,000 in 1939 to 200,000 today.

Record Number Of Births Reported At Soo Hospital

SAULT STE MARIE — That noise you heard during the weekend might have been the shattering of the War Memorial Hospital's "baby record."

So far this month 106 babies have been born at the hospital, the first time that the 100 mark for one month has been passed. There are now 80 babies in the nursery where the average is about 15. Of these, 10 are "extras"—premature infants or others whose mothers have gone home—according to Miss Grace MacLaughlin, supervisor in the OB department.

Fourteen new arrivals during the weekend were responsible for the record-breaking. These included two sets of twins.

Planning Commission Will Meet Thursday

Three items of business are scheduled for consideration by the Escanaba Planning Commission when it meets at 7:30 p. m. Thursday in City Hall, according to Robert Clayton, planning director. They are:

Recommendation to the City Council relative to a request of Emil Kallio to lease city-owned land for a truck parking space across from his place of business on US-241.

Final discussion of a proposed zoning ordinance before presenting it to the public at a meeting in August.

Recommendation to the City Council on the desirability of permitting the establishment of a trailer camp in the U. P. State Fairground area.

O-JIB-WA HAS REAL MERIT

"I am a grateful user of O-JIB-WA BITTERS as before using your wonderful medicine, my arms were so painful I couldn't lift a tea kettle or comb my own hair."

Mrs. Louise Easterline
402 E. Prospect
Jackson, Michigan

"I could vision a gloomy future, as dreadful arthritis had settled in my arms, fingers, back and left knee. For 12 years, I anxiously tried everything, hopeful of ridding my system of such constant suffering."

but all in vain. My fingers and knuckles were swollen and knotted up; my back hurt so bad it was hard to walk, and my arms pained so greatly that I couldn't pick up the tea kettle or even lift my arm to comb my hair. I tried many things in my search for relief, but nothing helped me. Some tablets I took, even made me worse, so I was awful discouraged. I often read in our newspaper about the good results that O-JIB-WA BITTERS was bringing to other sufferers, but as all else had failed to help me, I had put off trying it until a friend of mine highly recommended that I try it. Well, I started, and in just three weeks I was so much better that I was truly amazed. I feel wonderful now, and can work all day without any trouble or pain. O-JIB-WA BITTERS did for me what I thought impossible. I certainly recommend it every chance I get, so make sure that you get the genuine O-JIB-WA BITTERS if you suffer from rheumatism or arthritis." Available at all drug stores.

Mrs. Easterline

Showers Reduce Temperature Here

A push of cool air from Canada brought much needed showers to Escanaba and the rest of the Upper Peninsula early Tuesday morning, S. E. Decker, of the U. S. Weather Bureau reported. He added that the conditions should remain much the same through Wednesday with temperatures near normal ranging from a high of 77 to a low of 57.

Skies are expected to remain cloudy through Thursday with scattered showers and thunderstorms, Decker said. He added that the present showers did not extend as far south as Green Bay or Wausau.

The high at Escanaba Monday was 87 and the low was 66. Up to 7:30 a. m., 17 inches of rain had fallen. Marquette had 29, Houghton 21 and Sault Ste. Marie had .05 inches.

Company C. Cooks Will Be First To Leave For Grayling

Food service personnel of Company C 107th engineers will be the first local Guardsmen to "invade" Camp Grayling, training grounds of the Michigan National Guard, when they leave Aug. 5 to take part in a pre-camp food service school, it was announced today by Capt. Roy J. Johnson, company Commander.

Estimated cost of food for the 8,700 guardsmen at Camp Grayling is \$176,000. In addition to their regular meals at the base camp, local guardsmen will eat "C" rations when they take part in the three day division problem.

Mess personnel of Company C at camp this year will be supervised by Lt. Eldred Sattelm, unit mess officer, assisted by SFC Kenneth Lessard, Gladstone, mess sergeant for the company.

With camp time approximately two weeks off, enlistments are still lagging, said Capt. Johnson. Veterans may join the local unit with a much higher rank than a new recruit, because of their past experience. The engineer will be awarded points this year on their total of new enlistments and strength of their unit. Any young man between the ages of 17 to 35 may get further information by attending a regular drill this evening.

LITTLE LIZ

What this country needs is more big spenders who spend their own money instead of the government's.

Fire Truck Parade Banned; Firemen Quit

BRANFORD, Fla. (AP)—This little town of 600 had a fire truck today but no firemen.

Monday night the volunteer department—about 20 strong—had a charity baseball game with the Woodmen of the World and took the truck through town, blowing the siren, to advertise the affair.

Mayor Frank Norris told Fire Chief Witt Stanley to take the truck back to the station and not to use it again unless there was a fire.

After the game the volunteers took the truck back—and resigned in a body.

Editorials—

Public Cooperation Is Major Factor In Fire Prevention

THE public cooperation with forest fire officials during this period of extreme fire hazard is something of which residents of the area and visitors alike can well be proud.

There has been no appreciable rain in the forest areas for a month. The fire conditions are explosive. Yet the number of fires has been very low and, more noteworthy, the fire loss has been almost negligible.

Forest fire authorities are quick to give the credit for this achievement to the public for the cooperation that has been apparent. People are cautious with cigarettes, matches and campfires in wooded areas. If they were not, the woods would be bursting with flame now.

It is true, of course, that forest fire crews are alert and are constantly on guard. Fire fighting teams are standing by with the most modern equipment. Yet everyone concedes that the situation is so explosive that without 100 per cent cooperation of the public, fires would start in many locations and would spread so

rapidly that literally hundreds of acres would be burned before the flames could be controlled.

Continued caution, of course, must be observed. A heavy wetting of the wooded lands is essential before the fire threat is minimized. When that will come, no one can know.

There is one other development, we think, that bears mention in the remarkable fire prevention record that has been achieved in this year. That is the conversion of locomotives from coal burning to diesel oil. Sparks from locomotives in years past were a major cause of forest fires. This threat has been virtually eliminated as a result of the conversion to oil locomotives.

The situation is still critical and every passing day without rain intensifies the danger. Be cautious, be alert—and guard that cigarette!

Mike Walch Was Real Civic Booster

ESCANABA has lost one of its major boosters and a real friend in the death of Michael J. (Big Mike) Walch.

Mike Walch, a lifelong resident of Escanaba, was a strong civic booster in a quiet but effective way. He was a tavern keeper but the kind of tavern keeper that everyone admires. He operated a tavern that never became involved in law violations.

But Big Mike's reputation was built in Escanaba, not on his tavern business, but rather upon his natural friendship with a very large number of persons. He was an energetic member of a number of local civic organizations.

He was a sports star in his earlier days, both in football and baseball. In the latter sport he became an umpire of note long after his playing days were over. He never lost his interest in athletics.

The death of Mike Walch creates a note of sadness in the hearts of many Escanabans. He was a grand guy, a loyal friend.

Other Editorial Comments

WHY NOT A PRIZE FOR UNTIDIEST CITY?

(Duluth News-Tribune)

Chicago hates to be done out of a superlative. Quietly assuming that he lived in the world's most untidy city, one of her residents asked a visitor to confirm that claim.

"No," said the traveler. He could not agree, though he might have given Chicago the title if he had not seen Detroit first.

Naturally the eastern seaboard is not going to let Chicago and Detroit fight this out by themselves. On quiet days any columnist can warm up his typewriter by analyzing the blemishes on New York's appearance. In our small way some of the smaller cities do a bang-up job of looking terrible, overcoming innumerable natural advantages in the way of environment and sheer lack of litter in metropolitan quantities.

We need a sardonic philanthropist to promise a prize to the tackiest, dirtiest, shabbiest, sloppiest and ugliest city of the year, all things considered.

Police in an Oklahoma town are puzzled as to why a thief stole only a clothes dummy from a department store. Might have needed a fourth in bridge.

Optimists pep up any party, says a writer. So do pessimists, by staying home.

The Doctor Says . . .
Meaning of Yawning Not Clear;
Habit May Be Part Explanation

By EDWIN P. JORDAN, M. D. — Written for NEA Service

Two correspondents are apparently quite concerned about a slight peculiarity which almost certainly will cause no harm.

Q—Please write about yawning. I yawn all day long but am not hungry or sleepy. A. V. Q—What makes my son yawn so much? He gets plenty of sleep. He is 24 years old. Mrs. K.

A—An answer to these questions must of necessity be rather vague since yawning like sighing and hiccuping are merely changes in the breathing movements, the exact significance of which is not clear in most instances.

Of course, most people yawn when they are lacking in sleep or are bored, but the possibility of a mere habit must be considered in those who yawn excessively without any apparent cause.

Q—I have read that a person can never have more than one attack of shingles. Is this true? Mrs. A.

A—Apparently one attack of shingles or herpes zoster usually confers permanent resistance but, according to the books, a second attack is possible though unusual.

Q—Please tell me if the latest method of treatment varicose veins by painting the toes with a red fluid is good. I cannot see how this could help the veins. M. M.

A—Neither can I. It sounds like the method of a quack.

Q—I have what is called a calcium spur

growing on my heel. Two or three doctors have told me that an operation would not be a success, and I do not know what to do. C. A. M.

A—These calcium deposits or calcaneal spurs on the heel have been operated on but, as your doctors say, the results have often been disappointing or worse.

When they produce pain or soreness these spurs are certainly a nuisance. It is possible that a specially constructed shoe would be of some help.

Q—For several years one of my teeth has been in a weakened condition, and for the past year or more it has been troubling at times. Should this be considered a matter of serious concern from the standpoint of cancer?

A—It is unlikely to result in cancer but would certainly seem to call for expert dental attention.

Q—I have had a debate with a friend in regard to a blood clot which I said was an embolism and phlebitis which I say is inflammation of the vein. My friend insists that phlebitis is a blood clot. Can you clarify?

A—An embolus is a blood clot or other plug carried by the blood stream from a distant blood vessel and forced into a smaller one, thus causing obstruction of the circulation at that point. Phlebitis is the inflammation of a vein often accompanied by the formation of a blood clot at the point where the vein is inflamed. The name for a blood clot itself is thrombus.

Today In Washington

By DAVID LAWRENCE

WASHINGTON—Conduct "unbecomingly a United States senator" and which "brings the United States Senate itself into disrepute" has just been witnessed by the American people as they have watched a group of senators in the minority striving to impose their will on a frustrated majority.

Where is the resolution of "censure" for the senators who use "methods" that override constitutional ethics and the rules of fair play and seek to prevent the passage of laws through a contest in physical endurance, with all-night sessions, prearranged relays of speakers and unlimited debate in what is known as a "filibuster"?

For several days now the Congress of the United States has been unable to function on a legislative program involving billions of dollars of appropriations and on measures of far-reaching consequence to the welfare of the people. The accumulated damage allegedly done by Senator McCarthy, in his brusque handling of persons accused of having Communist connections is infinitesimal compared with the damage done by the "filibuster" of the last several days not only to the public business but "to the prestige of the Senate itself, both here and abroad."

For the "filibuster" is just a palpably dishonest device whereby a roll-call vote, desired by the majority, is prevented through the incessant speechmaking of the minority, who hope by these tactics to force the majority to yield lest other bills—also sought by the majority—be sidetracked or lost if they do not come to a vote before the end of the session. No piece of legislation was ever so bad that it couldn't, if passed, be promptly repealed or amended when subsequent experience shows its errors. Hence no "filibuster" is ever justified in a constitutional democracy.

But who were the senators conducting the latest "filibuster"? Did they come from the ranks of the "wicked reactionaries"? On the contrary, the group which has been engaged in the longest "filibuster" in the history of the Senate is composed primarily of so-called "liberals"—the men who usually prate about constitutionalism and the "rights of the people" and about the "methods" of whose who, they claim, are transgressing constitutional rights and trying to bring about "thought control" and "conformity of thought."

"Filibustering" itself, of course, is not unconstitutional any more than is browbeating of witnesses before congressional committees or using the floor of Congress to call citizens "liars" and other epithets under cover of congressional immunity. But when the so-called "liberals" use disgraceful "methods" and get big headlines and their pictures in the newspapers as participants in a "talkathon," there are, strangely enough, no resolutions of "censure" introduced or any telegrams gathered by public-relations firms from lists of prominent people to clamor for the punishment of these obstructionists.

There is always a plausible excuse given by the "filibusterers." This time it is that they wish to prevent what they call a "giveaway" of certain atomic-energy developments by the government to private industry, though government-owned channels in radio and television have long been awarded to private companies which make profits thereon. It's an age-old controversy between government ownership and private ownership, between state socialism or Communist socialism and private enterprise. The steady pressure for an all-powerful state, in which a political bureaucracy shall dispense favors to its political henchmen, has never let up since the new dealers and fair dealers began to apply the scheme in various pieces of legislation.

The American people are really behind President Eisenhower in his drive to get the government out of business and to give the people the opportunity to earn their own living and to conserve their savings and invest them in business enterprises, but the minority in the Senate uses the specious argument that the issue isn't "fully understood"—as if the voluminous record of millions of words spoken in several days of continuous debate will ever be read by anybody except the official stenographers.

The issue is well understood already. It is the difference between freedom of initiative and the stifling of initiative, between private enterprise and government ownership or control of every business, every retail store and every doctor's office, with no incentive to service and no competition to insure the quality of the product at the lowest price.

But, irrespective of the merits of this question, if the majority are ready to vote, why should the coercive tactics of a group of senators with strong lungs defeat another group which apparently must appease them or else allow a whole legislative program to be wrecked? Is there anything which is more deserving of the "censure" of the people than unfair methods used in blocking legislation needed to promote the welfare of tens of millions of persons—their tax benefits and their social-security gains and their measures of national defense, all of which have been delayed by a phony "liberalism" and an unconscionable abuse of senatorial privileges? But will there be any resolutions of "censure" introduced now? Of course not—for these evidently are reserved only for one senator who, sometimes with a bit of excessive zeal, fights the communistic influences in our government and our institutions which, if successful in their penetration, can make a shambles of individual freedom and democracy itself.

"Thank Goodness We Didn't Lose Face"

Uranium And Cheap Cigars Help Create Atom-Powered Plane

By JAMES CROSSLEY

NEA Staff Correspondent
CLEVELAND—(NEA)—You are doing okay in the job of creating your atomic-powered airplane.

There are still a lot of headaches. The job looks simple, but when it comes to getting the power plant down to the weight a plane could carry, that's something else again. And then there's the job of keeping the pilot from being drilled like Swiss cheese with deadly radiations.

This is a report to you on research into this project in which you have a vital part—even though you might not have known it. Your tax money makes it possible. It is based on a tour of the Lewis Flight Propulsion Laboratory in Cleveland, one of the installations of the National Advisory Committee for Aeronautics (NACA).

The scientists who were handed the job of improving planes early in the days of flight are battering down the atomic plane problems. They are doing many things, including some worrying about the guy who steps up to the window and buys a ticket for a plane flight.

It will also come as a pleasant surprise that the men with the microscopes have even found a use for cheap cigars soaked in oil. The NACA layout, sprawled on the edge of Cleveland's airport, is a scientific paradise.

Equipped with everything from tremendous blocks-long wind tunnels to instruments for photographing the freezing of droplets of water (they freeze from the bottom up, incidentally) the men who work here are on the very frontier of human knowledge.

The jackpot in aviation, at this point, is the atom plane. The military services, the Atomic Energy Commission and NACA all have their brain cells quivering in pursuit of it.

One pound of uranium would produce as much heat as firing up two million pounds of gasoline. That single pound has energy amounting to three and a half million pounds of coal—that is 32 carloads. Mind you, the uranium would be a one and one-half inch cube.

With nuclear energy a plane could make a non-stop, faster-than-sound trip to anywhere in the world and return.

Though pressing the attack on many fronts in airplane theory—the problems of super-speed flight heat which would melt even the toughest materials in the world, such as diamonds, or the screeching of jet burners which can wreck motors with vibration, for example—the atom plane is still the dream.

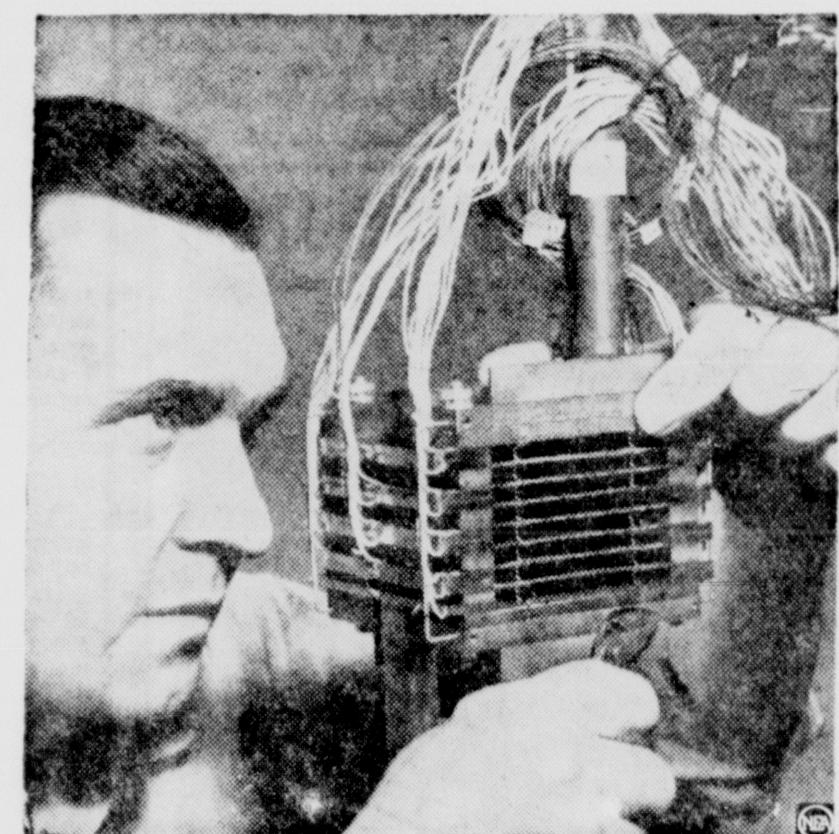

The disintegration of uranium when smacked with neutrons gives off heat, the NACA scientists explain. This heat could be used instead of present fuels to burn air in jet planes.

But until some method is devised to conduct the heat, the machine is too bulky. The hunt is on for a chemical, perhaps even a molten metal, which can act as a conductor, something like the gas that circulates in your refrigerator, working in reverse.

Here, the lab wizards have hit on a valuable shortcut. They enclose test materials in metal ring tubes and rotate them inside like swishing a highball around the lip of the glass. By alternate heating and cooling at different positions on the ring they study an-

AT NACA FLIGHT LABORATORY, this dummy makes its living by going through simulated plane crashes. The seat is the latest research design to let a human survive the shock of a crash.

THIS MULTIPLE SANDWICH being adjusted by an NACA technician is a test unit to furnish data in designing heat exchangers which may some day be used in reactor for an atomic plane.

other of the atom plane problems, corrosion of the materials used.

The scientific hounds also are on the trail of a perfect insulator to protect the pilot from radiation. A number do different jobs but no single one does everything.

That atom plane you are preparing to create is not going to fly until the metals, chemicals and other materials catch up with the visions of engineers. NACA's report to you is that its scientists labor mightily every day to improve and invent better materials as well as methods.

There were other wonders put on display. A jet plane backed across a hangar ramp. That's an improvement. Unless some way is found to reverse the airflow from the rear of a jet plane, runways would some day have to be as long as the distance from downtown to the airport.

There was a new seat to save passengers in crashes. Air cushions and sections which flex along and cooling at different positions on the ring they study an-

A great deal of the research involves probing into the invisible—vapor fumes, shock waves and such. That's where the cigars come in. One method of studying air flows is to introduce smoke fumes which can be seen. They found the best smoke is produced by burning oil-soaked cigars under forced draft.

The federal government should withdraw from the gas tax for the most part and let the states assume entirely the task of building highways. The job would be done adequately and competently. —Nebraska's Governor Crosby.

There are no words in the language to describe the crimes of the Communist regime that has just collapsed. —President Carlos Armas of Guatemala's ruling junta.

The federal government should withdraw from the gas tax for the most part and let the states assume entirely the task of building highways. The job would be done adequately and competently. —Nebraska's Governor Crosby.

Good Evening . . .

By CLINT DUNATHAN

HAY FEVER HAVEN—About eight million red-nosed Americans will soon be looking for some place to spend the rest of the summer and thus escape their affliction—hay fever.

Many of them who have been sneezing their way around their Middle Western homes will take off for the Upper Peninsula, thus hoping that they will find relief from the red nose, the watery eye, the headache and irritated sinuses.

In all honesty, some of them who come to the Upper Peninsula will find little or no reduction in their symptoms; others will benefit materially. It will all depend on the type of pollen to which they are allergic and where they go to escape it.

For the Upper Peninsula is not pollen-free, by any means. Many of our own residents suffer hay fever and asthma.

Northern Michigan is not (and may the Chambers of Commerce forgive me) a hay fever haven. The region has a fine assortment of irritating pollens, including ragweed. In fact there is no county in the U. P. without some ragweed—and some counties have lots of it.

SOME FIND RELIEF—Ragweed is rated "the curse" to those who suffer from hay fever. Ninety per cent of the hay fever cases are caused by ragweed pollen.

Because ragweed is found in varying amounts in the Upper Peninsula, there is the possibility that the sneezers from the Middle West may find some spots comparatively free of pollen. And if they do, they will also find relief.

The Lake Superior areas of the U. P. are rated lowest in ragweed pollen counts, perhaps because there is so little agriculture in those areas and because a northerly wind brings lake-washed air to the shore.

Sault Ste. Marie was once (and may still be) a popular spot for hay fever sufferers. In fact there were so many there that they organized a "Katchoo Club" and held social gatherings and complimented each other on how well they looked minus tears and sneezes.

GARDEN GROWTH—Every town has vacant lots and weed-sprouted gardens—and certain to be found there is the hay-fever-causing ragweed.

Incidentally, it is the pollen from the flowering ragweed that brings on the misery. Escaping into the air, the pollen floats around until it finds a susceptible nose to irritate.

A total of 500,000,000 pounds of ragweed pollen is said to escape into the air each summer in the U. S., and since it takes only 20 of the microscopic pollen grains to produce an irritation in a sensitized person, the odds are that most of the victims will suffer from the plague.

If ragweed could be eliminated from fields and roadsides and waste places, there would be little hay fever. But the possibility of eradicating ragweed is indeed remote.

The late Harold Lindsay, for many years secretary of the Escanaba Chamber of Commerce, ruefully recalled an earlier chapter in the Chamber's program when it set out to rid the city of ragweed.

The Chamber offered a reward of a "penny a bunch" for ragweed—and the response was so great that the Chamber's bill ran into hundreds of dollars! We still have plenty of ragweed, too.

FILTERING THE AIR—There are millions of unfortunate hay fever victims who are unable to travel north or west when pollen time comes.

For their benefit, many new developments in electrostatic air filters and medications have been made, and more will come.

One unique filter attracts and holds pollen grains from the air on the same principle as metal filings are attracted and held to a magnet. It is said to remove 99 per cent of the ragweed pollen from the air.

Antihistamine drugs are used as a hay fever treatment, there are immunizing "shots" available, and there is always the opportunity for the hay fever sufferer to schedule his vacation trip to coincide with the pollen season.

Medical authorities caution users of antihistamines on one point: Don't operate your automobile while undergoing this type of treatment. The drugs often induce sudden drowsiness in the patient.

BARBS

By HAL COCHRAN

People who always manage to keep busy seem to have the least bad luck.

A kick from a mule restored a Tennessee man's speech. It would be interesting to know what he said.

A maid found \$100 under a pillow in a mid-west hotel. Somebody really was asleep.

The downfall of lots of newly married couples comes from trying to keep up with the upkeep.

At most any old boarding house one of the unpopular days is stewdays.

Life Is Good Here: Kalamazoo's Slogan

KALAMAZOO (P) — This city, Michigan's contribution to "Tin Pan Alley," is convinced of one thing:

"Life is good in Kalamazoo."

It's the Chamber of Commerce's official slogan.

And the people of Kalamazoo agree.

For the past eight years it has been straining through a seaming, button-popping expansion period typical of many communities in the post war boom.

All of the usual problems are present — subdivisions, annexation, traffic, parking, schools, employment, hospitals, housing — but all are reasonably under control.

Paper Replaces Celery

Known for years as "the Celery City," Kalamazoo no longer can claim that honor. Western competition and the integration of the old dutch families who planted the first beds, have cut local celery acreage deeply.

Paper mills have replaced the celery beds. The big mills of Kalamazoo River Valley are an important factor in making Michigan the fourth ranking paper manufacturing state.

Adding to the industries stability of Kalamazoo is the Upjohn Co., manufacturer of pharmaceuticals. One of the city's pioneer firms and third-ranking company in its field nationally, the Upjohn Co., has built and occupied a multi-million dollar manufacturing plant.

A number of new firms arrive each year.

Typical of these is the CBS Hyton organization, a television tube manufacturing unit which went into production this month in a new \$3,000,000 plant.

College Outgrows Campus

Millions of dollars have been spent since World War II on new city school construction and on renovation. Of particular interest at the moment is the proposed plan for the construction of four-room "neighborhood" schools for the

early elementary youngsters. These small units would ease the to-and-fro from school traffic problem and taken the strain from crowded central grade schools.

The phenomenal growth of Western Michigan College of Education has been one of Kalamazoo's post war wonders. One of the nation's largest producers of teachers, Western has outgrown its old campus and has gobbled up additional acres on the city's west side.

A shiny new \$8,000,000 second campus now sprawls over the hills of a one-time golf course. From a 1940 enrollment of 2,600, Western has jumped to 4,300 students.

Just across the New York Central tracks from Western, Kalamazoo College, Michigan's oldest, unfolds one of the nation's top ranking liberal arts institutions. The first 10 in the production of scientists.

Population Near 115,000

On the city's east side, Nazareth College, a Catholic girls' school, continues to grow under the guidance of the Sisters of St. Joseph.

Kalamazoo's official population stands at 57,000, but somebody forgot to move back the city limit signs. An additional 35,000 persons live in the suburbs which squeeze the city and are included in Kalamazoo township. A metropolitan area census would run close to 115,000.

Six city-owned and operated off-street parking lots ease downtown snippers' tempers.

Pressured by the Michigan Water Resources Commission, Kalamazoo will put a \$3,000,000 sewage treatment plant in operation next year.

Kalamazoo's famed and beautiful Milham Park is due for expansion and a new north east recreation park is on the drawing boards.

The new 200-bed Southwestern Michigan Tuberculosis Sanatorium opened here only this month and adds to Kalamazoo's reputation as a medical center. Both Bronson

SON MAY BE DEPORTED—The family of ex GI Robert Woods of Columbus, Ohio, has turned to the U. S. Congress to help them keep their son, Bobby, 7, with them in the U. S. Immigration laws say Bobby is an alien and must be deported to his native Germany. With Mrs. Woods, a German war bride, Bobby and Mr. Woods, is Richard, their 14 month old son born in the U. S. (NEA Telephoto)

The War 10 Years Ago

July 27 - Aug. 19, 1944

The American offensive on the Western European front smashed ahead, supported by Allied air forces. On Aug. 1 U. S. troops broke through Nazi lines in the Normandy peninsula and hammered spearheads into Brittany. By Aug. 9 Americans had cut off most of the Brittany peninsula from the mainland and had captured Vannes, Nantes, Angers, Le Mans and Laval, and had laid siege to Brest, Lorient and St. Nazaire. In Italy, Allied armies entered Florence Aug. 4. On the Eastern European front Russian troops rocketing through German defenses in Poland took Brest-Litovsk, Jaroslavl and Przemysl July 28. In the Pacific, U. S. B29s on July 29 staged the first daylight blow against Japanese-controlled territory, bombing Anshan and Tangku in Manchuria. Two planes were missing. On July 31, Marines captured Agana, capital of Guam without firing a shot. Nine days later all effective Japanese resistance on Guam had ended. Marines also conquered Tinian Island in the Marianas on July 31, after a nine-day campaign. In the Southwest Pacific, Allied armies virtually won control of the entire New Guinea coastline after American troops staged a 200-mile hop to the village of Sansapor on the northwestern tip of New Guinea and seized Amsterdam and Midieburg, two off shore islands by Aug. 1. Lt. Gen. Joseph W. Stilwell's troops on the China-Burma theater captured Myitkynia Aug. 3 and continued to clear Japanese troops from North Burma.

INJURY PLUS INSULT

TRENTON, N. J. (P) — The robbers who held up a woman in front of a bank here took \$39,000 in nonnegotiable checks they snatched from her and dumped them into a police station garage. They kept \$2,200 in cash. "That's rubbing it in," remarked a detective, "But we'll get the punks."

Hermansville

HERMANSVILLE—George Farley was elected president of the Meyer Township Board of Education at a reorganization meeting of the board held at the Community Building Friday evening. Farley succeeds John R. Duca Jr., who was defeated in his bid to return to office in the recent school election.

Reuben J. Marcoe was re-elected treasurer of the board, and Leo T. Doran was re-elected secretary. Eval Faccio and Wilson J. Denton are trustees.

Farley is married and the father of six children. A son, James, is with the Air Force in Tripoli, while another son, George Jr., is with the Marines in Korea. Johnny, Bobbie and Cheryl attend school while Marilyn (Mrs. Dwight Sargent) resides in Lake Orion. Mich. Farley is employed by the Harnischfeger Corporation in Escanaba.

Volunteers Help To Build Jail

SANDY HOOK, Ky. (P) — Elliott County's mountain folks are building a jail. It became a volunteer, community project after Judge D. L. Davis—disgusted at calling trials only to learn of prisoners' escapes—set out to do something about it.

He supervised construction—using the old jail's stones—and estimates costs at \$900, all donated. The six room, one story structure is nearly finished.

Retail Sales Drop Slightly

Retail sales in Delta County in March 1954 were slightly less than in March 1953, the report of the Escanaba Chamber of Commerce reveals.

March sales this year totalled \$2,291,539, compared with \$2,431,151 in March a year ago. Sales in February this year were \$2,299,667.

The breakdown follows: automotive \$526,033, apparel \$46,050, building materials \$132,967, food \$901,405, furniture \$80,267, general merchandise \$232,067 and miscellaneous \$372,750.

Retail sales in March 1954 in Dickinson County were \$1,679,554, Chippewa County reported \$1,954,063 in sales and Marquette County \$3,389,964.

Williams Marks Time As 4 GOP Candidates Battle

ant governor on the Republican ticket in 1940, Keyes was elected in 1942 and then was "purged" in 1944 by the forces of former Gov. Harry F. Kelly. He was elected to the same post again in 1946 and defeated in 1948. In 1950, he unsuccessfully sought the governorship nomination and in 1952 lost a bid to be the Republican U. S. senatorial candidate.

Keyes boasts he is an "independent" Republican and has frequently been at odds with the party's ruling powers. He is unmarried.

Williams Only 43

Leonard is 51 and a native of Detroit. He has been in police organizations all his adult life, starting as a state trooper and rising through the ranks to become commissioner of the state police in 1947.

Leonard retired from that post two years ago to seek the Republican nomination for governor and ran second. He then was named commissioner of Detroit police.

Leonard obtained his law degree from Wayne University working nights while he was a state trooper. He is married and has three children.

Leonard was sent to England in 1941 as a member of the U. S. team to study civil defense measures and became a nationally-known authority on that subject.

On the Democratic side, Williams is completing his third term as governor and if he wins again this year will be the first in Michigan history to be elected four times. He is 43.

A native of Detroit and son of a wealthy family, Williams started his career as attorney for the Federal Social Security Board in Washington in 1936.

He saw active combat in World War II as an air combat intelligence officer serving on aircraft carriers. He left the Navy as a lieutenant commander. He is married and has three children.

Entire Village Near Iron River Soon To Be Moved

IRON RIVER—Hill Bros. of Wakefield expect to move five Davidson location homes every two weeks to new foundations in the East Forbes location until the job of transferring an entire Minnerville Hills village neighborhood a mile northward is completed in mid-September.

Foundations have been prepared by Caspian Construction Company and are awaiting the arrival of the dwellings. The homes were purchased for nominal sums from Pickands, Mather & Co. by the occupants last year.

Hill Bros. edged A. P. Laabs, Ironwood mover, for the contract to move the 17 homes. Cost of transfer for each is averaging \$255. Hill Bros. have a crew of six men on the job.

Whales hear sounds transmitted through air poorly, but are sensitive to sounds heard through the water.

Dr. Beers Arrives, Associated With Dr. M. H. Garrard

Dr. Harland L. Beers, formerly of Battle Creek, Mich., has arrived in Escanaba to become associated with Dr. M. H. Garrard Jr., in the practice of optometry at 814 Ludington, it is announced today.

Dr. Beers, a graduate of the Northern College of Optometry in Chicago, has practiced in Battle Creek since 1951. While in that city he was active in civic affairs, having been twice the chairman of the March of Dimes drive and a board member of the Calhoun County Chapter of the National Foundation for Infantile Paralysis. He served last year as president of the Battle Creek Junior Chamber of Commerce and was a state director of the Jaycees. He was also president of the Calhoun County Society of Ophthalmologists and a member of the Exchange Club's board of control, offices which he resigned in moving to Escanaba.

His wife, the former Barbara Bauer, has taught two years in Battle Creek and has accepted a similar teaching position in the Escanaba school system.

Dr. and Mrs. Beers are making their home at 800 S. 11th St.

Salvation Army Camp Has Attendance Of 115

The Salvation Army in Escanaba completed a three week camp period at the Salvation Army Camp at Newton Lake, Wisconsin, on Tuesday, July 20.

The camp officially opened for family week on Monday, June 28. This is the week when entire families can spend a week at camp.

The second week was the Fresh-Air Camp and the third week was known as the Youth Week.

A total of 115 attended the camp of which 45 were from Delta County. This camp is largely supported by funds from the Community Chest, however some of the children paid either part or all of the expenses.

Rock

Wedding Shower

ROCK—A wedding shower in honor of Mr. and Mrs. Vernon Nelson of Chicago was held at the home of Mrs. Genevieve Earle Friday evening. Mr. Nelson is the son of Mrs. Earle. He was married to Miss Betty Fritz of Chicago June 16 in Chicago.

Briefs

Mr. and Mrs. Ernest Bloomquist and daughter, Florence, with her sons of Lombard, Ill., were guests at the Fred Nelson home for a week.

Mr. and Mrs. Joe Pajor, Chicago, are spending two weeks with Mrs. Claire Horgan.

Barney and Marion Lusardi and Mrs. Cordelia Trombly, all of Milwaukee, are spending a few days at the Barney Lusardi summer home.

Miss Judy Vandensbusche is visiting with friends and relatives in Milwaukee.

Mrs. Albert Mitchell and children and Mrs. Lyle Renaud and daughter Carol, Chicago, are guests at the August Kaupilla home.

Major Hooole

Killer Of Iowa Farmer Caught

CARTHAGE, Ill. — A three-state search for the killer of an Iowa farmer who was shot during a holdup Sunday ended with the capture of two men in a western Illinois soybean field Monday.

Sheriff Ivan Latherow of Hancock County said William G. Karston, 29, of Quincy, Ill., signed a statement that he shot and killed Wendell W. Jones, 56, on Jones' farm near Pulaski, Iowa.

Karston and his half-brother, Almer Anderson, 22, of South St. Paul, Minn., were found huddled in a clump of weeds along the Mississippi River, nine miles northeast of Meyer, Ill. Although armed, they offered no resistance.

Sheriff Latherow said Karston signed the statement admitting the shooting and that Anderson earlier admitted his part in the crime.

The two waived extradition and were to be returned to Iowa by Iowa authorities.

Karston told sheriff's officers he did not intend to kill Jones.

"I feel bad about the old man," Karston said. "He grabbed my gun. I had my finger on the trigger. There was no safety on the gun. The next thing I knew the gun went off and the old man fell."

Feeling Bitter; U.S. Sends Note To Chinese Reds

by Capt. Max C. Weber of Great Barrington, Mass., pilot of a Pan American World Airways transport. Flying in from Bangkok he said he was "escorted" for a few minutes by U.S. Navy jet fighters. He added "there is no question about their identity."

In London, Prime Minister Churchill was reported gravely concerned with developments. The Cabinet was reported considering asking both the Communists and the United States to show restraint in the area.

The weekend plane clashes, climaxed by the shooting down of two attacking Chinese fighters by U.S. planes, aroused angry protests in Congress and further embittered American feelings toward the Peiping regime.

Sen. Ferguson (R-Mich.) said today the Communist world should read "a strengthened U.S. foreign policy" into the shooting down Sunday night of the two Communist planes off the Red-held island of Hainan.

Others on Capitol Hill joined in a general "well done" for the U.S. Airmen who downed the planes.

Ferguson, — chairman of the Senate Republican Policy Committee, said it was wise policy to shoot down the Communist attackers, because failure to fight back "might have misled them into believing that Americans won't fight."

Up To White House

Chairmen of both the Senate Foreign Relations and Armed Services committees urged colleagues to let the White House and State Department call the signals.

Chairman Wiley (R-Wis.) of the Senate Foreign Relations Committee said "this should be left in the hands of the executive" and that official Washington should "not fly off the handle."

Sen. Saltonstall (R-Mass.), chairman of the Senate Armed Services Committee, told newsmen the incident "shows the Communists, either Chinese or Russian, haven't changed their spots."

Rep. A. L. Miller (R-Neb.) said in a separate interview, "I don't think we are justified in bringing our planes, ships and personnel to patrol the coast of China to protect British shipping and planes. Let Britain do it."

Sen. Symington (D-Mo.) told the Senate that "I do not believe we are taking adequate steps to defend ourselves" in the face of what he termed growing strength of the Communists.

Rep. Judd (R-Minn.) said he saw "cold calculation" by the Reds in the attacks and he added: "It was an attempt to follow up the Indochina cease-fire by trying to push our face in the dirt."

The Navy Department, meanwhile, reported American carrier planes were continuing to patrol the skies around Hainan Island, searching for possible additional survivors from the British airliner which was downed Friday.

Nearly 10,000 At Shriners' Circus, Chairman Reports

Approximately 10,000 persons attended the four performances of the Polack Brothers Shrine Circus in Escanaba last weekend, Britton Hall, general chairman, has reported.

The Saturday matinee was attended by 3500 children who were guests of the Delta Shrine Club. They included youngsters from Delta County, Munising, Manistiquette, Marquette and other cities.

Net proceeds will be used for the Shriners' Crippled Children fund.

Top features with local audiences were the Klausner performing bears and the Wallenda troupe of high wire artists.

Local officials were Richard Perring, president; W. D. Ladouceur, secretary; Warren Morrison, ticket sales; and Britton Hall, general chairman.

Bishop And Priests Imprisoned As Spies By Czech Red Court

BERLIN — The Roman Catholic bishop of Litomeric, Stepan Trochta, has been sentenced to 25 years in prison by Communist Czechoslovakia's Supreme Court on charges of spying, the East German News Agency ADN said today.

Three priests were given terms up to 20 years on charges of aiding him, ADN said.

The indictment declared the four had spied for years "on behalf of the Vatican." It said their purpose was to overthrow the Communist regime.

Higher Duty Asked On Swiss Watches

(Continued From Page One)

creasing the duty of aliske cloverseed.

But the pressure for higher tariffs on Swiss watch movements has been built mainly on claims the domestic watchmaking craft is essential to national defense. The industry was the major wartime producer of precision instruments and timing devices.

A Senate Armed Services subcommittee, after hearing military officials testify to the "unique" skills of the watch and clock trade, reported on Saturday that the industry must be kept "alive and vital."

Domestic companies have complained that rising imports from Switzerland, where watchmakers are paid less, are damaging the market for American watchworks and causing layoffs which are scattering the trained working force.

Importers contend the watch industry is not the sole maker of instruments and timers, noting that camera producers furnished them in World War II. They also argue that if Switzerland's dollar-earning exports are reduced by the higher tariff wall, the Swiss will be able to buy fewer American farm products and manufactured items.

Triumph For Reds

It was an hour of triumph for Ho Chi Minh and the Reds, an hour of bitter defeat for the French and the anti-Communist world. Under the terms of the Geneva agreement, Ho and his Vietnamese get control of almost 78,000 square

Carnival

Fighting Ended In Indochina After 7 Years, 7 Months

(Continued From Page One)

and Cambodia as well.

The cease-fire agreement provides for internationally supervised elections in July 1956 to unify Viet Nam. The French commander in the North, Gen. Rene Cogny, said recently he believed South Viet Nam could be defended militarily against the Reds, but he only shrugged when asked about the political prospects. Many French civilian officials here share Cogny's doubts of the future.

French Move Out

With the cease-fire, Cogny turned his effort to the mammoth task of moving his thousands of French and Vietnamese troops from their shrunken sector of the northern delta to the southern holding left to the Viet Nam government headed by ex-Emperor Bao Dai.

The Vietnamese were expected to take control rapidly of the territory being evacuated.

By Aug. 11 Cogny must have soldiers and civilians being evacuated from north, west and south of Hanoi massed in the 10-mile zone around the North Indochina capital, once the official seat of French power in the Far East. They must be out of the Hanoi area within 80 days.

French officials also pushed plans to move hundreds of thousands of French and Vietnamese civilians southward, as many as want to get away. They planned to begin a combined sea and air lift Wednesday and predicted it would be taking 5,000 persons daily away from Hanoi and Haiphong by mid-August.

What was that noise?

It's good to know, at a time like this, that you have an extension telephone close at hand. It makes you feel safer, less alone, protected.

You'll save steps and avoid lost calls, too, with an extension telephone beside your bed—and in the kitchen too! And when friends visit, it gives you privacy on your telephone calls.

Extension telephones cost only a few cents a day. For extra telephone convenience, call our Business Office and order yours now.

MICHIGAN BELL TELEPHONE COMPANY

miles of Viet Nam's total 127,380. In that northern portion live between 11 and 12 million people. Each side had paid a heavy price for the result. Though the French officially put the total of military casualties on both sides at around 320,000, unofficial sources figured them at close to 800,000 dead, wounded or missing. Of these, 173,000 were French Union Vietnamese troops. The Vietnamese dead and wounded were estimated at 600,000.

There was no estimate of civilian casualties.

In money and materials, the war cost France and the United States some 10 billion dollars.

Hopes Dim To End Senate Deadlock

(Continued From Page One)

protested against "parliamentary budgeoning" and vowed that he and others battling the administration measure "would not be dictated to by anyone."

The bill embodies a major overhauling of the 1946 Atomic Energy Act. Generally it is designed to (1) allow private industry to assume a greater role, for profit, in attempts to develop peaceful power from atomic fuel; (2) allow the government to furnish American allies with limited data on the use of atomic weapons; and (3) clear a way for carrying out President Eisenhower's plan for an international atomic pool for peaceful purposes.

Opponents contend it amounts to "a giveaway" of the nation's multi-billion-dollar investment in atomic energy, while supporters maintain that it would spur development of peacetime uses of atomic energy by providing for greater participation by private enterprise.

The House passed the measure Wednesday by a 231-154 vote.

Senate debate on the legislation began 13 days ago. Knowland and the White House have accused opponents of filibustering.

First U. S. Woman Diplomat Dead

(Continued From Page One)

as a voluntary nurse.

Maj. Owen became ill during the war and remained an invalid for years. To support him and her family, Mrs. Rohde put her family talents to use and became a lecturer.

She taught public speaking at the University of Miami from 1926-28, when she ran successfully for a Florida seat in the U. S. Congress. She served in the House from 1929 to 1933.

Her defeat in 1932 was followed shortly by her appointment as minister to Denmark.

She resigned in 1936 after marrying Capt. Borge Rohde, of the late King Christian X's palace guard. The couple returned to America where Mrs. Rohde resumed her career of writing and lecturing.

Mrs. J. Menckowski Of Stephenson Dies

STEPHENSON — Mrs. John Menckowski, 70 of Stephenson R1, died at 11:50 a. m. Saturday in St. Joseph-Lloyd Hospital in Menominee.

Mrs. Menckowski was born Sept. 13, 1883, in Slovakia.

Survivors are her husband, John, whom she married May 23, 1921, in Stephenson, two daughters, Mrs. Anna Mikrut and Mrs. Edward Ossanna of Duluth; three stepdaughters, Miss Regina Menckowski, Stephenson; Mrs. Nick Stonich, Milwaukee; and Mrs. John Struzinski, Ironwood; three stepsons, Thomas, Stanley and Frank Menckowski of Stephenson; and 17 grandchildren and 14 great grandchildren.

Funeral services will be held at 9 a. m. Wednesday in the Church of the Precious Blood, Stephenson, with the Rev. Fr. Glen E. Sanford officiating. Burial will be in Stephenson Cemetery.

Thailand To Go Next, Says Rhee

MCCHORD AIR FORCE BASE, Wash. (AP) — President Syngman Rhee of South Korea predicted Sunday night that Thailand "will be the next victim" of Communist aggression.

The Korean President, stopping at this western Washington air base en route to an official visit with President Eisenhower, described as "an unfortunate thing" the manner in which the Indochina action was settled.

"It is unfortunate that we have let Indochina go," he told reporters. "What more are we going to lose?"

The Korean President landed after a 22-hour flight from Seoul. He was accompanied by Mrs. Rhee and a party of 12.

When asked the purpose of his trip to Washington, the 79-year-old President said:

"I would rather keep silent until I have talked with President Eisenhower. I'm quite sure we have things to talk over."

Raymond Maynard of Manistique visited last week at the Antone Deloria home.

Harry Derosier has entered Pinecrest Sanatorium in Powers for treatment.

Mrs. Frank Bushey of Pewaukee Lake, Wis., was a weekend guest at the home of her parents, Mr. and Mrs. William Rogers.

Recent visitors at the William Rogers home were Mr. and Mrs. Hans Gudwer and daughter and Mr. and Mrs. Steve Hosko, Escanaba.

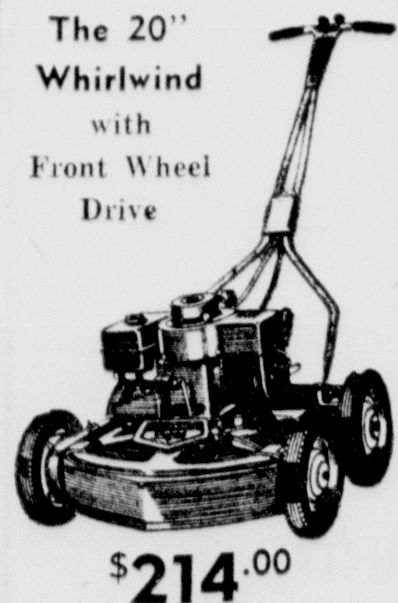

Course On Communism Proposed In Schools By Bar Association

CHICAGO (AP)—A proposal that the theory and practice of communism be taught "in appropriate form" in all U. S. schools in conjunction with the teaching of American government will be submitted next month to the American Bar Assn.

The proposal, made Sunday by the ABA's Committee on American citizenship, will come before the association's House of Delegates during its annual convention Aug. 16-20 in Chicago.

The report of the committee, headed by U. S. Judge Walter M. Bastian of Washington, D. C. states:

"The dangers of communism could be readily understood if properly taught, and it would be of great value to the youth of our country if they could be adequately shown the difference between the theory and practices of communism and the theory and practices of the government of the United States under our Constitution."

For More Fun In A Boat Use Common Sense Afloat

KNOW YOUR BOAT
Every boat has its limitations. Learn what you can expect from your boat.

HEAD INTO THE WAVES
If waves are high, head your boat at an angle towards the waves or slow speed.

BALANCE YOUR LOAD
Distribute weight evenly in the boat—from side to side and from bow to stern.

WATCH THE WEATHER
Head for shore before a storm breaks. If caught out, seat passengers on floor.

KEEP LOW
And step in the center when boarding the boat or changing seats.

USE THE RIGHT MOTOR
Too much power can damage your boat—may even swamp it. Look for OBC recommended horsepower plate.

DON'T OVERLOAD
Seats do not indicate capacity. Two or three adults may be a full load under many conditions.

AVOID SHARP TURNS
Fast, sharp turns are hard on equipment—and sometimes on people. Take it easy.

Follow the eight simple rules shown here for more safety and fun afloat this season, says the Outboard Boating Club of America, national organization of outboard boat and motor owners. Boating is the safest of outdoor sports, says OBC, if you'll use common sense and courtesy.

Isabella

Briefs
ISABELLA—Mrs. Richard Morrison is visiting in Manistique at the home of her aunt, Mrs. Agnes McDonald.

Darrell Asplund of Cunard, is spending his vacation here with his parents, Mr. and Mrs. Arvid Sundin.

Albert Moberg, Chicago, is spending his vacation here with his parents, Mr. and Mrs. Gust Moberg.

Charles Mackie, Munising, is visiting with his daughter, Mrs. Ralph Morrison and family.

Friday evening guests of Mr. and Mrs. Harvey Sundin were Mr. and Mrs. Gust Soderberg of Danforth, Mr. and Mrs. Ernest McClincy of Sault Ste. Marie, Mrs. Richard McClincy and Miss Olive McClincy of Nahma and Mr. and Mrs. Edwin Sundin of Manistique.

Mr. and Mrs. Herman Landis of Chicago are vacationing at Indian Lake and Isabella.

Mr. and Mrs. Albert Watchorn attended the wedding of their niece, Joanna Pizalla, Saturday at Manistique. Miss Pizalla became the bride of Norman LaButte of Garden.

Ripe Old Age Can Be Wonderful If You're Museum Or Library

By W. G. ROGERS
NEW YORK (AP)—It's wonderful to be old—if you're a museum or a library.

The New-York Historical Society is currently counting up its blessings, and it owes a lot to the fact that it was founded 150 years ago.

This is, besides, a double anniversary, for it was 50 years ago that it moved into its present Central Park West quarters.

It is the second oldest historical society in the land, the first being in Massachusetts. But it is the oldest institution of its kind with a national scope, according to the director, Dr. R. W. G. Vail, who says it comprises "the largest library and museum of American history in the world."

"We were around," says pipe-smoking, white-haired Dr. Vail, who interrupted work on a book about the society to help me do this article, "in the early days when the government didn't think papers needed to be preserved. Our founders sensed the value of saving contemporary documents and other materials. Old families gave us things. In fact we went right after them to ask for the gifts."

"Age has this cumulative quality, the thing snowballs. Today there are very few great American papers left in private hands. Most of the old families

have moved out of their roomy mansions into small apartments where they can't keep papers, paintings or antique furniture.

"It wasn't only a help to start early, it was almost a necessity."

There is material here essential for anybody writing histories of Florida, or of California, says the director. On the 100th anniversary of the Gold Rush, he was able to put together a catalogue about the Forty-Niners and their activities with Historical-Society illustrations that could not be duplicated on the West Coast.

The society has Burgoyne's original surrender, with Burgoyne's signature. It has the signature of Napoleon authorizing the sale of the Louisiana territory. Its walls are covered with portraits—you saw them reproduced in your school books—of our founding fathers painted by their famous contemporaries Stuart, Copley, the Peales.

Among the many writers who have made use of its facilities are Woodrow Wilson, Douglas Southall Freeman, Kenneth Roberts and Allan Nevins, in our time, and an almost endless list of them out of the past, including James Fenimore Cooper and Washington Irving, whose "Knickerbocker History" of this city was dedicated to the New-York Society; the hyphen was in the papers of incorporation and the so-

ciety hangs onto it; maybe it has historical value.

It has occupied various quarters since John Pintard called together some prominent fellow citizens in 1804 to found the society. About a century ago, however, it moved for the first time to a home all its own, at 11th St. and 2nd Ave.

That swanky neighborhood helped establish its good name, and it has enjoyed comparative prosperity ever since.

Girls' Camp Lunch Makes 96 Persons Ill

ROCHESTER, N. H. (AP)—An estimated 96 persons suffered food poisoning Sunday after a visitors' day buffet lunch at the Birch Hill Camp for Girls.

Forty-one persons were held overnight at the Rochester Hospital.

State Trooper Paul F. Leary said a check early today showed another 41 under treatment at the

DAILY PRESS
Escanaba, July 27, 1954 7

camp infirmary.

Patients suffering from food poisoning also were reported at the Wentworth Hospital in Dover, the Concord Hospital and the Elliott Hospital in Manchester.

All those reported stricken were visitors of the campers. None was in serious condition.

Miss Taimi Ruusi, Albert M. Nelson Exchange Vows

The Finnish Evangelical Lutheran Church, Rock, was the setting of an all white candlelight wedding ceremony Wednesday, July 21, when Miss Taimi Ilona Ruusi, daughter of the late Mr. and Mrs. Matt Ruusi, exchanged vows with Albert Martin Nelson, son of Mrs. Freda Nelson and the late Fred Nelson. The double ring ceremony was performed at 8 p. m. by Rev. Amos Marin of Gwinn.

July 21 is a traditional wedding day in the bride's family. Her parents and three sisters, Mrs. Tyne Johnson, Mrs. John Kaminien and Mrs. George Kaukola, have all repeated their marriage vows on the same date with the sisters, all being married in the same church.

Two large bouquets of red and white gladioli and Easter lilies flanked by tall white tapers with two candelabra, one on each side of the altar, adorned the church altar. Greenery and white bows were used to decorate the altar rail and greenery and white tapers and bows decorated each church window.

Preceding the service, C. Arthur Anderson sang "Until". Mrs. Martin Marin, organist, played several appropriate numbers and traditional wedding marches. While the couple were at the altar, "I'll Walk Beside You" and "The Lord's Prayer" were sung by C. Arthur Anderson.

The bride, who was given in marriage by her eldest brother, Victor Ruusi, chose a wedding gown of nylon tulle over satin for her wedding. The gown was styled with a basque bodice, trimmed in lace and fashioned with an illusion yoke and Johnnie collar. Her bouffant skirt of nylon tulle was fashioned with double panels of lace, falling into a formal train. Her headpiece, a lace clouche trimmed with pearls, caught her silk illusion fingertip veil, edged in Chantilly lace. Her only jewelry was a gold cross, gift of the bridegroom. She carried a cascade bouquet of red roses and white carnations and gladioli.

Matron of honor, Mrs. George Kaukola, sister of the bride, and bridesmaid, Miss Shirley Johnson, eldest niece of the bride, were attired in identical floor length gowns of white taffeta. The basque bodices were of lace over taffeta featuring an off the shoulder design and were worn with tiny lace over taffeta cap sleeve jackets. Their bouffant skirts, double layers of net over taffeta, were fashioned with large bows at the back of the waistline. Their headpieces were white shoulder length veils attached to small white hats trimmed with red florets and pearls. They carried identical cascade bouquets of red and white carnations and white gladioli.

Little Carol Kaminien, niece of the bride, was flower girl. She wore a white floor length gown featuring a bodice of lace over taffeta with small puff sleeves and a full skirt of net over taffeta. Her headpiece was a floral headband of red florets and net. She carried a white basket of red carnations and white gladioli with a large red bow on the front of the basket.

The bridegroom was attended by Emil Ruusi, brother of the bride, as best man and Clarence Nelson, the bridegroom's brother, as groomsmen. Ushering the guests to their seats were Ernest Nelson, another brother of the bridegroom, and Wilbert Heikinen, Frederick Wirtala, nephew of the bride, was the ring bearer. Mrs. Tyne Johnson, eldest sister of the bride, attended the wedding attired in a pink linen dress with accents of lace which she wore with white accessories. The mother of the bridegroom wore a pink and blue print dress with navy accessories. Both wore corsages of pink baby carnations and white florets.

Immediately following the ceremony, a reception for 250 guests was held in the church parlors where the color scheme of red and white was carried out in the streamers and wedding bells. The serving table and bridal table had floral centerpieces of yellow and pink snapdragons and white mock orange blossoms flanked by tall white tapers in crystal holders. The three tiered wedding cake, trimmed with red roses, was topped with the traditional bride and bridegroom figurines and set among the greenery.

Presiding at the serving table was Mrs. Alrick Mikkila, cousin of the bride. The wedding cake was cut by Mrs. Henry Wirtala, sister of the bride. Mrs. John Kaminien, also a sister of the bride, was in charge of the gift table, and another sister, Mrs. Edwin Harvala, registered the guests. Punch was served by Miss Elizabeth Harvala, niece of the bride, and Miss Judy Honkala. Others assisting at the reception were Mesdames Emil Koski, Eino Shimi, Edwin Wallmaa, John Jokela, Martin Kaminien and Misses Edith and Esther Kaminien.

After the reception, the newlyweds left on a wedding trip to Niagara Falls, N. Y. For traveling, the bride chose a navy summer suit with white accessories. Her corsage was red roses and white carnations. Upon their re-

Women's Activities

VOWS WERE SPOKEN by Miss Helen Dorothy VanEffen, daughter of Mr. and Mrs. James VanEffen, 117 N. 19th St., and Raymond W. Nolde, son of John Nolde of Escanaba Rte. 1 and the late Mrs. John Nolde, in a double ring wedding ceremony at St. Patrick's Church July 10. (Portrait by Millie)

turn, they will make their home at Waukegan, Ill.

The new Mrs. Nelson is a Rock High School graduate and has been employed in Waukegan. The bridegroom, also a graduate of Rock High School, is a veteran of World War II and is employed by Johnson Motors Inc., Waukegan. At a rehearsal luncheon Sunday afternoon at the bride's home, the couple presented gifts to each other and their attendants. Three pre-nuptial showers were given the bride. A miscellaneous shower was given by friends in Waukegan, a miscellaneous shower by friends in Rock and a personal shower given by her sister, Mrs. John Kaminien, at Shelter Bay, Mich.

Out-of-town relatives and guests attending the wedding were from Seattle, Wash., Fontana, Calif., Waukegan and Lombard, Ill., Waukegan, Escanaba, Marquette, Ishpeming, Negaunee, Gwinn, Treant, Eben, Ann Arbor and Detroit.

D. A. V. Picnic Was Held Sunday

The annual family picnic of Escanaba Chapter 24 of the Disabled American Veterans and Auxiliary, was held Sunday at Pine Forest Club. About 125 persons attended, each family having a picnic lunch. Refreshments were provided.

Children were entertained with various games and awards. Oldest member present was Joseph DeMeuse, Gladstone; youngest junior member present was Barbara Lynn LaFave, daughter of Mr. and Mrs. Albert LaFave; member present with largest family group was Austin Godin, and members traveling the greatest distance to attend were Mr. and Mrs. George Leppanen, Rock.

Guests were Clarence DeMeuse, Perkins; Mr. and Mrs. Richard Rudolph Jr. and Richard Rudolph Sr., Marinette, Wis., and Jackie Boddy and Kenneth Olson, Escanaba.

Church Events

Christian Science Society

The spiritual basis of true peace and brotherhood will be brought out in Christian Science services Sunday in the Lesson-Sermon entitled "Love."

The vital importance of love for God and man will be stressed in the readings from the King James Version of the Bible, including the following passages (1 John 5:2): "By this we know that we love the children of God, when we love God, and keep his commandments."

Births

A son was born to Mr. and Mrs. Robert Carlson, 609 1st Ave. S., July 25 at St. Francis Hospital. The infant, who weighed 7 pounds 5 1/2 ounces was named Michael Robert. Mrs. Carlson is the former Isabelle Audrey Beach.

Pine Ridge

Briefs
PINE RIDGE—Mr. and Mrs. Earl Gurney returned to their home at Oak Lawn, Ill., after spending two weeks at the home of Mr. and Mrs. Fred Deno. Shelia Anderson will leave Saturday for Sturgeon Bay, Wis., to pick cherries.

Mrs. Stephen Crowley has returned to her home in Chicago after spending two weeks at the home of her parents, Mr. and Mrs. John F. Guecky Sr.

Personals

Sgt. James B. Moran, who for the past 15 months has served with the Third Infantry Division in Korea, arrived in Escanaba last night to spend the remainder of the summer with his parents, Mr. and Mrs. John J. Mitchell, 1012 7th Ave. S. He has received his discharge from the Army and next fall will enter Harvard Law School.

Mr. and Mrs. Frank Richards and son, Paul, have returned to their home at Detroit after visiting two weeks in the Upper Peninsula. They visited at Copper Harbor, Brimley, AuTrain, Stephenson and Escanaba. While in Escanaba, they visited at the William and Louis Pintal homes.

Safe Cigarette Seen In Future

By ALTON L. BLAKESLEE
SAO PAULO, Brazil (AP)—A try at making cigarettes safe from any threat of heart disease and cancer was proposed by Dr. E. Cuyler Hammond of Yale University.

The answer, he said in a paper for the sixth International Cancer Congress here, could be to develop new types of strains of cigarette tobacco free of the agent or agents which some scientists suspect may be causing or contributing to heart trouble and cancer.

This might be accomplished in two years, but it might take as many as seven, the specialist said.

Hammond is a biometrician at Yale and also director of statistical research for the American Cancer Society. He and Dr. Daniel Horn reported last month that men aged 50 to 70 who smoke a pack of cigarettes daily are about twice as likely to die of heart trouble or cancer of all types as nonsmokers. Smoking a pipe or cigars seems not to carry much if any risks, said Hammond, a pipe smoker himself. The danger from cigarettes, he went on, could be in the special types of tobacco which have been developed for cigarettes.

These tobaccos, he speculated, could contain one or more chemicals which adversely affect the heart, blood vessels, lungs or other tissues of some people.

From the viewpoint of the public, "the happiest solution is to

ISLAND CAMERA QUEENS—When the cameramen of the Philippine Islands met to select a beauty queen, these girls were there trying to win the "Miss Press Photographer" title. Left

to right: Miriam Lopez, Noemi Leon, Zennie Lopez, Isabel Sarena, Ofelia Bautista and Emme Soriano.

make smoking safe," Hammond declared.

Development of a "harmless strain of tobacco plant" would be more practical, he asserted, "than to use a highly toxic strain and then attempt to remove the harmful ingredients from the tobacco by chemical means or from the smoke by a filter or condenser."

He said the chemical composition varies considerably in different types of tobacco, even in different batches of the same general type.

In the 115 years from 1835 to 1950 about 25 million people from Great Britain emigrated to countries outside Europe.

PLANET'S PHOTO

A photograph of the planet Pluto was found in a collection of astronomical photographs at Harvard University. The picture had been taken through a 16-inch telescope on Nov. 11, 1914, 16 years before the planet actually was discovered.

Hyde

Birthday Party

Dianne Dahlke, daughter of Mr. and Mrs. Norman Dahlke, was honored on her eighth birthday Tuesday afternoon. Games were played, and each child received a favor. An outdoor picnic lunch was served. Dianne received many nice gifts. Those attending the party were Allen Germic, Karen Hahn, Toni Marlett, Lew Ann Olson, Lois Beauchamp, Sally Olson, Mary Zoppia, Mrs. Howard Marlett and Mrs. Stephan Germic.

Briefs

Soo Line Picnic Draws From Afar

Charles Wilson of Glenwood, Minn., came over 500 miles to attend the Soo Line picnic here Sunday and took first place for pensioners coming the longest distance. Wilson at one time worked out of Gladstone.

The award for an employee coming the longest distance went to M. J. Boyer of Glen Flora, Wis.

In the horseshoe pitching contest James R. Kennedy proved top man and was awarded a glass fly rod. Donald C. Buckmaster was second and received a tackle box.

Out-of-town employees here were Mr. and Mrs. H. J. Johnson, Engadine; Mr. and Mrs. F. M. Ne-deau, Isabella; P. J. Dragos and family, Manistique; F. O. Kukkola, Catawba, Wis.; C. J. Papineau, Hermansville; Mr. and Mrs. R. L. Pelkey, Shawano, Wis.; Mr. and Mrs. J. Bazille, Crandon, Wis.; L. A. Christoff and family, Rapid River; K. O. Gouin and family, Escanaba; Mr. and Mrs. J. M. Johnson, Mr. and Mrs. B. E. Gage and Mr. and Mrs. R. A. Bates, Shawano, Wis.; L. E. Whipple and family and A. Karasti and family, Rapid River; M. J. Boyer, Glen Flora, Wis.; R. R. Kroll, Gresham, Wis.; F. M. Green and daughter, Treenary; and E. M. Hansen, Rudyard.

Pensioners from out-of-town included Harry Collins, Janesville, Wis.; E. O. Chapman and J. F. Roe, Minneapolis; Mr. and Mrs. A. J. Minnick, B. J. Bailey, Harry Percut and H. A. LaTour, Rhine-lander; Mr. and Mrs. G. E. Well-man, Rapid River; Mr. and Mrs. Frank Stone, Weyerhaeuser, Wis.; Mr. and Mrs. C. Peacock and Mr. and Mrs. N. Baril, Shawano, Wis.; Mr. and Mrs. B. W. Bennett, Tren-ary; Mr. and Mrs. A. C. Allert, Manistique; and Norman C. Kee, Fennville, Mich.

Others from out-of-town here for the event included Mr. and Mrs. W. Miller and Gene Beau-goin, Iron Mountain; Jack Taylor and George Smith, Manistique; A. J. Mathews, Mrs. Dora Curran and Fred Lewis, Minneapolis; Mrs. W. S. O'Brien, Shawano, Mrs. Florence Young, Faithorn; Mr. and Mrs. J. Kalgert and family, Chicago, and R. R. Fisher (a DSS&A em- ployee) and Mrs. Fisher.

City Briefs

Mr. and Mrs. Jack Tumath, son Scott and daughter Christine re- turned to their home in Detroit Saturday following a two weeks vacation visit with his brother-in- law and sister, Mr. and Mrs. Rex Coulter and with his father, Herb Tumath.

Mr. and Mrs. Hilton VanHou- ten and infant daughter of Flat Rock, (Wayne County), Mich., are guests of Mr. and Mrs. Edward Lenon, 1307 Wisconsin Ave.

Mr. and Mrs. DeVere Murray have returned to their home in Lake Odessa, Mich., after visiting here for several days with Mr. and Mrs. Charles Murray, 1115 Wisconsin Ave.

Mr. and Mrs. Carl Davis and Mr. and Mrs. Charles St. Peter attended the Centennial celebra- tion at Ishpeming Sunday.

Mr. and Mrs. Mendel Puschel, Pittsburg, Pa., are the parents of a 7 pound 13 ounce daughter born Monday July 26. The baby, who is the first child in the family has been named Sandra Lee. Mrs. Puschel is the former Betty Oh- man, daughter of Mr. and Mrs. Oscar Ohman.

Mr. and Mrs. Oscar Sinnaeve left Monday for Philadelphia, Pa., to vacation visit with his sister.

Mr. and Mrs. Vincent Johnson and daughters Marcia and Mary left today for Milwaukee to vaca- tion visit with relatives.

Mr. and Mrs. Floyd Whitmer, Birmingham and Mr. and Mrs. Bill Whitmer and daughter Mar- garet Elaine, Detroit, will arrive today to visit with Mrs. Floyd Whitmer's parents, Mr. and Mrs. Joseph Mott.

Mr. and Mrs. Don McCoy, De- troit, are vacationing with his mother, Mrs. Robert Wilbee and other relatives.

Mr. and Mrs. Robert Davis and daughter Dania Lynn have re- turned to their home in Birming- ham following a week's vacation with his parents, Mr. and Mrs. Ross P. Davis.

Mrs. Gordon Hanthorn and daughter Gail, Rockford, Mich., are visiting in Gladstone for a few days with friends.

New Service Offered Tourists In Sweden

STOCKHOLM (AP)—Tourists in Sweden are being offered a new service—"Sweden at Home." Stockholmers are asked to receive them for lunch or dinner in their homes so they can get a closer glimpse of Swedish life than would be possible in restaurants. Where- ever possible host and guest will be selected according to their pro- fessions or hobbies. Introductions are arranged through a tourist information center. A similar ser- vice, "Meet the Danes," has been operating successfully for several years in Copenhagen.

GLADSTONE

Rotarians In Joint Meeting

About 70 Rotarians and guests attended a joint meeting of the Manistique and Gladstone clubs with the latter as host at the Gladstone Golf Club yesterday evening.

Golfing was enjoyed during the afternoon and dinner was served in the evening after which there were bridge games. Glad- stone was reported to have won by a narrow margin in the golf.

On Thursday evening of this week the Gladstone Rotarians will be guests of the Gladstone Lions at an annual get-together at the golf club.

A return meeting with Manis- tique as host club will be held on Monday, Aug. 16, at the

Winklemans Kill African Big Game

Leon Winkelman, Detroit, and his son, Henry, now on a safari into Africa, have both been suc- cessful in killing big game. It is learned from Mrs. Leon Winkle- man, who has been visiting here with her mother, Mrs. Rose Ros- enblum.

Hunting in Tanganyika, Mr. Winkelman killed a water buffalo while his son is reported to have slain a lion.

Hope Is Given For Lepers

BRAZZAVILLE, French Equa- torial Africa (AP)—There is hope for the 56,000 lepers in French Equa- torial Africa that progression of their disease will be stopped and a near certainty that the follow- ing generation will hear of leprosy as a rare disease like the plague in Europe or America.

The French Equatorial African health service, made the predic- tion in a report on a new cam- paign against leprosy. The cam- paign has been made possible by use of sulfone drugs which have revolutionized the traditional methods of caring for lepers.

At one period in the history of armored knights, it was customary to wear steel shoes with toes so long that the man could not walk in them, and the toes were attach- ed after the knight was mounted.

Ladies Will Golf Again On Thursday

The regular Ladies' Day golf- ing will be held this Thursday at the Gladstone Days River course.

Pairings are as follows: Bernice Burton vs. Irma Siebert, Marion Peterson vs. Mary Burroughs, Maude Jackson vs. C. Cannon, Dorothy Beccar vs. M. Lorraine Willis, Micky Ester vs. Burt Beaudry, Nettie DeVot vs. Alice D'Amour, Eva Caron vs. Katie VanDonsel, Nettie Lundmark vs. Fern Hall, Alice Parkhurst vs. Theresa Harris, Alice Dunsmore vs. Sally Johnson, June Knut- sen, Bye: Dorothy Coulter vs. Elsie Fardal, Tillie Cannon vs. Jane Empson, Ev Skellenger vs. Agnes Erickson, Josie Dehlin vs. Ruth Lasky and Luella Maskart vs. Ila Hoffos.

The luncheon committee for the day is composed of Mrs. Ila Hoffos, Mrs. Alice Parkhurst, Miss Nettie DeVot and Mrs. Katie VanDonsel. The luncheon will be served at 1:30.

Social

Mission Circle
The Ladies Mission Circle of the Bethel Free Church will meet Wednesday afternoon at the church parlor with music and song. Speaker will be Rev. K. J. Samuelson of the Baptist Church. Mrs. Chester Sundman of Chi- cago will present a solo.

More people get more news from newspapers than from all other sources combined.

Worry of FALSE TEETH Slipping or Irritating?

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug counter.

MANISTIQUE

Council Appoints Moreau City Clerk, Grants Group \$300 For Promotion

Meeting for two and one-half hours Monday evening at the City Hall, City Council appointed William A. Moreau City Clerk, granted \$300 to the Industrial Committee to be used in promoting industrial advantages of the city and decided to give the Ford Garage the order for a new police car.

Moreau's appointment fills the vacancy created July 1 when Alex Robertson retired after 10 years service. Moreau has been acting City Clerk since that time. He was granted a \$50 monthly pay raise to cover his new job and his previous and concurrent position of City Treasurer.

Moved by Councilman Willard Garvin, Council "appropriated \$300 for use by the Industrial Committee of the City of Manistique for advertising of promotional purposes in connection with inviting new industries to the city."

Three In Favor

Voting for the motion were Councilmen Garvin, A. W. Heitman and Alvin Nelson. Vernon C. Linderoth abstained and George Stephens was absent.

Calling the proposed three photograph albums "the cheapest way we can do it," Fred Hahne, Committee Chairman, in presenting the request for \$300, outlined a plan of personal contacts designed to entice industry to this city.

Photo Album

Hahne envisioned taking photographs of important city attractions and placing them in an album that could be shown to potential movers. He thought that the book could contain city improvements and "all that a manufacturing concern would like to see" in a town.

One album would be retained by the Council, Hahne thought. The other two would be used by the committee to help "sell" the city. Personal contacts were the most productive way of obtaining new industries, he believed.

Personal Contacts

Hahne revealed that there was some Industrial Committee money remaining but thought that should be left for personal contact work. The banker proposed that the city pay for the cost of producing the albums and that his committee do the rest of the work. A printed sheet would be inserted facing each photograph, for explanation.

Cooperate On Book

His committee "would like to cooperate with the city in organizing the book," Hahne said. He also thought the albums should be approved by Council before their release.

In illustrating his point that "photos would help sell the City of Manistique," Hahne mentioned that the Century Book Company, Manistique, had investigated this city as a possible plant location.

Textile Plant

The book concern was interested in a plant with 100,000 square feet of floor space. Two other outfits, both in the textile business, had inquired about settling operations in this city. One of the companies would employ 250 women, the other 150.

Tabled since the July 12 Council meeting, the police car bids were presented after study by City Manager Orson Livermore. After figuring extras and trade-in allowances, the lowest bid appeared to be that of the Ford Garage.

Low Bid

For a two-door, V-8 130-horsepower Ford, the net price amounted to \$911.27. This included \$865 allowed on the present 1952 Ford sedan used by the police. The larger Ford was selected although the actual low bid received was for a two-door Ford-six. The police favored the larger Ford. The price for the "six" was a net \$895.

Other bids included one by Curran Chevrolet for a two-door 115-horsepower model, at a net \$910 including a \$700 trade-in, and a 125-horsepower Chevrolet for a net \$1050.57.

Others Submitted

Lundstrom Motor Sales priced two Plymouths at a net \$1594.65 and \$1694.65, both without an allowance. Linderoth Sales submitted a bid on a Plymouth Plaza that amounted to \$1675 without trade-in.

In other business the Council agreed that City Attorney William Hood and Mayor A. W. Heitman should attend Thursday's Water Resources Commission hearing at Houghton.

Water Commission

At the 2:30 p. m., Thursday convocation the city will be asked to "show cause why the city should not be declared in default" of a Commission order on anti-pollution measures.

Police Chief Roy Anderson proposed and the Council agreed that the "City Manager should request the State Highway Department to install flashing signals at the corners of Deer and Chippewa Sts. and Arbutus Ave. and Maple St."

Traffic Danger

Traffic danger was cited as reason for the signals. The red flashing light would correspond with the present stop-signs, but would not replace them. The amber

would indicate caution but not a full-stop.

The governing body also approved the proposed purchase of a street-sweeper. The new machine, currently rented, will cost \$3,000. It was included in the original prepared budget. The City Manager believed that the sweeper was a needed implement for the City's street work.

Group Insurance

Action was tabled on the City's group hospital and surgical insurance program for employees, due to be cancelled Sunday if at least 75 per cent of the eligible workers fail to sign.

At present 21 out of 40 eligible men are covered by the group policy. The insurance company, Lincoln National Life of Fort Wayne, Ind., instructed their local agent, Emil Knoph, to end the life of the policy if more city employees are not covered.

Suggested Outcome

Knoph suggested that the City could increase the coverage by paying the full \$2.63 monthly premiums. At present the city pays 60 cents. Treasurer Moreau saw "no chance" for the coverage to increase to 75 per cent under the "present setup."

The increased payment by the City would cost about \$1,000 more per year. Mayor Heitman told Knoph that "we can't do anything on it now." He thought an executive session would be necessary.

Paint Job

City Manager Livermore reported to Council that the City Hall would be painted by city workmen instead of contractors. It is nearly scraped, he said. The building will be painted green with white-trim.

Council directed the preparation of assessment rolls upon learning that the Arbutus Ave. sewer and water installation had been completed. Manager Livermore believed that the costs would closely correspond to the estimate. The work will be paid for by special assessment.

Bids will be requested on lighting materials. Livermore hopes to install new lighting from the bridge to the Cedar St. and River St. intersection. The new mercury arcs would be placed along River St. They will cost about \$80 per pole.

Council directed plans for the proposed W. Elk St. sidewalk to be deposited with the City Clerk. Objections to the project will be heard at the Aug. 9 meeting of the body. Livermore estimated that the sidewalk would cost \$1.70 per foot for 110 feet.

Open Bids

Two bids were received and opened for new fire hoses. The Eureka Fire Hose Company and the General Detroit Corporation were the applicants. The bids were referred to the City Manager for study and will be dealt with at the next Council session.

One application was filed for a new desk and typewriter for Justice Court. The Office Service Company of Escanaba submitted a bid of \$172.50 for the metal desk, less an allowance of \$22.50. The 19-inch carriage typewriter's net cost came to \$180 after allowance and deductions. The City Clerk was directed to investigate further.

Adjust Bill

Council, without a formal motion, agreed to adjust the water bill of the Free Methodist Church in further action of the evening. The church's total came to \$86 last term, while their average bill has been \$5.10.

Both the City Treasurer and the City Manager explained the higher charges were due to leaks underneath the building and in the parsonage. The church will be charged \$5.10 the governing body decided.

Livermore reported some progress on the new pumping station and hoped to have an engineer here this week or next to complete the project. Nearly all necessary equipment was reported on hand. New 8½ by 11-inch maps of the city were displayed to Council. The members decided to sell the maps for 10 cents each.

AUGUST WEDDING — Mr. and Mrs. Russell Ruggles announce the engagement of their daughter, Charlotte, to James Barrows, Miss Ruggles is a Hiawatha Township resident while Barrows is from Shingleton. An early August wedding is planned.

Public Library Receives Collection Of New Books

New books received by the Manistique Public Library are reported to include several outstanding selections.

Numbered among the new collection are Don Camillo's Dilemma and Pictures from an Institution. The latter, by new-critic Randall Jarrell, is an "imaginative evocation of... a progressive college for women." A satirist, Jarrell is capable of reaching heights of meaningful understanding.

The Dilemma, by Giovanni Guareschi, is "the story of God's infinite patience with his creatures... written with engaging humor and peopled with delightful characters."

Three "exciting" adventures also are included in the new offerings. The High and the Mighty, by Ernest Gann; Journey To Far Amazon, by Alain Gheerbrant; and Journey Without End, by Manes Sperber promise to provide "taut suspense."

Other new selections include Bless This House, by Norah Lofts; The Quaker Bride, by Janet Whitney; Dr. Nohal Fabricant's Why We Become Doctors; Peacocks on the Lawn, by Winston Crews; Each One Teach One, by Frank Laubach; and The Healing Oath by Andre Soubrin.

Speeding Violators Pay In Justice Court Cases

Arthur L. Watson, Grand Rapids, paid \$8 in fines and \$2 costs for speeding Monday in Justice Court. He was apprehended by the State Police on U. S. Route 2, in Manistique, July 14.

Gerald Case, Fayette, paid \$8 and \$2 for speeding. He had been arrested May 21. Three dog owners also paid \$3 fines for violating the City dog ordinance.

Commission Hears Pros, Cons, At Public Hearing

Arguments for and against an application by the Manistique Pulp and Paper Company to discharge effluent from a proposed semi-chemical pulp plant into Lake Michigan will be heard by the Michigan Water Resources Commission at a public hearing at 10 a. m. Wednesday at the Court House.

The proposed plant would use a neutral sulfite process to convert aspen to pulp. Engineered by Ebasco Services, the project calls for dumping of the wastes 2,400 feet into the Lake.

Proponents of the addition, composed of a committee headed by Mayor A. W. Heitman, will present their argument to the Commission. The Mill's application for a permit was filed with the Commission.

Fred Hahne will tell the Commission of the "favorable effect" the new plant would have on the local economy. Earl LeBrasseur, President of the local International Brotherhood of Papermakers (AFL), will detail the "beneficial" advantages of the proposed industry on local workers.

The technical aspects of the effluent process will be detailed by Mill representatives. The availability of the aspen and the suit-

'Nothing Morally Wrong Is Politically Right' Says Aspirant For Post

"Nothing morally wrong is politically right," Donald S. Leonard, candidate for the Republican gubernatorial nomination, told about 60 assembled listeners at the Schoolcraft County Court House Monday afternoon.

Leonard was speaking and meeting with interested voters on a one-day tour of the Upper Peninsula. He had stopped at Escanaba before flying to Manistique. After his hour-plus stay in this city he flew to Detroit for a television engagement.

The candidate advised the voters to "send to Lansing a governor with the same political faith as the Legislature." He pleaded for unity in state government — "for it is necessary to avoid the stalemate of the last six years."

Ungrainy Animal

Leonard declared that "we can't have an animal with the body of an elephant and the head of a donkey," in reference to current state government.

In asserting that he was the man who could beat Governor G. Mennen Williams, Leonard believed that "we need a candidate who can carry out-state and Wayne County."

"We believe we can do a better job in Wayne County than anyone else," he said. Wayne County, he declared, was the key to Republican victory. He pointed to his recently resigned position as Detroit Police Commissioner and "long" association with Wayne University as an undergraduate and alumnus.

Leonard pledged that he would "stand behind whomever is nominated for the governorship in the primary." This statement followed an assertion that "jealousies have cost Republican victory" in the past.

Positive Promises

Turning to definite issues the candidate told his audience that the highways are a "definite" problem. He believed that "we have got to repair many of the dilapidated state roads." He outlined an embarkation upon a construction program based on federal taxes.

He desires a toll-road from Detroit leading to Chicago and freeways in the central part of the state leading to the new Straits of Mackinac bridge. After the building of the bridge he thought that U. S. Route 2 would not be adequate enough to handle the flow of traffic.

Leonard declared that the "potential of the Upper Peninsula has only scratched on the surface." He called the U. P. a "great wonderland." The candidate said that he would "do anything within my power, if elected, to enhance the

Donald S. Leonard

development of the U. P."

"We can't talk of reducing taxes when we have spiraling costs," the speaker continued. He looked for new sources of revenue and desired to see the tax dollar "more thrifflily spent."

Work with Solons

"If elected," he said, "I will work in harmony with the Legislature to work for the lowest tax rate possible under the circumstances."

Schools needed attention also, he believed. More are necessary and teachers must be retained. The state, he continued, must prevent the department of teachers caused by low remuneration. Pointing to Michigan's wealth, Leonard asserted that the state should "match salaries of any state in the union." He also mentioned inequities in the present pension system for teachers.

The candidate promised to serve "all the people of Michigan" if elected. He also said that he would "serve the people as best I can."

He believed the primary to be "very, very important" and also expects a "very light" vote Tuesday. Lethargy and indifference to the primary must be combated, he declared.

No Crutch

Leonard pointed to the fact that he was unemployed at the present time and "did not need a crutch" for support. He "burned his bridges behind him," he said. The candidate was referring to the fact that he had recently resigned as Detroit Police Commissioner while two of his opponents in the primary were still holding down their governmental positions.

He remarked that the Secretary of State, Owen J. Cleary, had the use of his offices throughout the state for publicity purposes.

Leonard was introduced by County Prosecutor William J. Sheahan and held a short question period following his talk.

BURGULARS ALARMED

PONTIAC, Mich. (AP) — It's the burglar who's alarmed at a small Pontiac factory. For the third time a German police dog has attacked and routed would-be robbers. Evidence of the last thwarted burglar was a spot of blood near a window.

More people get more news from newspapers than from all other sources combined.

City Briefs

Mrs. Bertha Cress and granddaughter, Phyllis Sampson, and Charles Fritz and Donald Caywood, Fort Wayne, Ind., are visiting here with Mr. and Mrs. Henry Winkler, Chippewa Ave.

Mrs. Ada Pollard, Detroit, and Mrs. Harvey Tassier, Cedarville, visited during the weekend with Mrs. Emma Tassier at the Wendland Convalescent Home.

Mrs. Emma Kolmbach, Detroit, spent Monday here with Mrs. Frieda Kolmbach at the Wendland Home.

Mrs. Zita Nelson, Sault Ste. Marie, Ont., spent Monday here with her mother, Mrs. Catherine Gillespie, at the Wendland Home.

Mrs. Milo Jones and family and Mrs. Fred Berger and family, left today to spend a week visiting relatives at Beloit, Wis.

Velma Nelson, Chicago, has arrived to visit here with relatives and friends.

Mr. and Mrs. Harold Glashaw, St. Ignace, spent Sunday here at the Andrew Knopp home, 334 Chippewa Ave.

Mr. and Mrs. H. N. Bredlau, Madison, Wis., have left for their home after spending a week here with Mrs. Bredlau's parents, Mr. and Mrs. Arvid Carlson, 845 Garden Ave.

Mr. and Mrs. William Preston, Caro, are visiting Mrs. Steven Knox and other relatives. Mrs. Preston is a daughter of Mrs. Knox.

Mr. and Mrs. Elmer Highland, Detroit, are visiting here with Mrs. Peter Highland, Chippewa Ave.

Carl Johnson and son, Carl, Hinesdale, Ill., have returned to their home after visiting here with Mrs. Gust Settergren, Delta Ave. Mrs. Johnson and two sons will visit here for some time with her mother, Mrs. Settergren.

Mrs. Denton Nelson and sons, Alan and Larry, Crystal Falls, are visiting here with her mother, Mrs. Jess Archey, 517 Alger Ave.

Mrs. Maurice Heilsten, Route 1, is a surgical patient at Little Traverse Hospital in Petoskey.

DISCIPLINE MISFIRE

FORT WAYNE, Ind. — Mrs. Ann Burkhead, aimed a spank at her unruly 4-year-old son. Then she went to a hospital. A fish stringer the boy was holding behind him went through her right hand.

Ladies List Golf Pairings For Loop

Ladies' Twilight Golf League lists eleven pairings for Wednesday play.

Mrs. E. J. Thompson is pitted against Mrs. Archie Carpenter as Mrs. John Kasun battles Mrs. Helen McGlothlin. Mrs. Carl Carlson meets Mrs. Glenn Pawley while Mrs. William Phillion plays Mrs. Alvin Nelson.

Mrs. Nick Modders will compete against Mrs. William Hentschell and Mrs. John Stroud is paired with Mrs. Ed Jackson. Mrs. John Matthews plays with Joan Sheahan, Mrs. Walter Nelson meets Mrs. Earl LeBrasseur, Mrs. John Kelly battles Mrs. Ferd Gorsche, Mrs. William Maies takes on Mrs. Bud Malloy and Mrs. William Manning meets Mrs. Ossie Smits.

Briefly Told

Choir Practice — The choir of Zion Lutheran Church will practice in the church tonight at 7.

Sewing Committee — The sewing committee of the Hospital Auxiliary will meet in the Schoolcraft Memorial Hospital from 1:30-3:30 p. m., Thursday.

20 Schoolcraft Youngsters Arrive Monday At 4-H Camp

Twenty Schoolcraft county residents and nine Alger County youngsters arrived at 4-H Camp Shaw, Chatham, Monday for their annual session through Friday.

Lois Lee and Shirley Willour were picked up at Gulliver by the morning bus. From Manistique

Inspectors To Hear Of Election Duties

Election inspectors of Schoolcraft County will meet 2 p. m., Friday in the County Court House pursuant to a notification from County Clerk Leslie G. Bouschor.

The inspectors will act in the townships for Tuesday's primary election. At the meeting Bouschor will instruct them in their duties.

He will place emphasis upon those duties "relative to the preservation of ballots and the sealing of ballot boxes."

Obituary

ADOLPH JOHNSON

Funeral services for Adolph G. Johnson, 521 Arbutus Ave., who died Friday at his home, were held 2 p. m., Monday at the Messier-Broulliere Funeral Home with the Rev. Noah M. Inbody, pastor of Zion Lutheran Church, officiating.

During the services Mr. and Mrs. Gus Nye sang "Sweet Bye and Bye" and "Softly and Tenderly." They were accompanied at the organ by Johnson's nephew, Rolf Olson.

Pallbearers were Arthur Drevdahl, Walter Drevdahl, Ferris Johnson, Harris Johnson, Henry Olson and Thor Olson.

Burial was made in the Fairview cemetery.

AVERAGE, 118 PLUS

BERKELEY, Calif. (AP) — Seventeen women — forgetting their weight — crowded into a University of California elevator with a 2,000-pound load limit. It stuck between floors, imprisoning them, for 45 minutes. No one was hurt.

TWO SHIFT SCHOOLS?

ST. PAUL (AP) — State Sen. Arthur Gillen has suggested the possibility of putting Minnesota schools on a two-shift, year-around basis to meet needs of rising school populations without additional buildings.

went Joanne Arrowood and Cerna Christensen. Miss Arrowood will compete in a clothing workmanship group and will demonstrate proper telephone etiquette with Myrtle Holmberg, also of Manistique.

Cooks' Youngsters

Other Manistique youngsters attending the session are Gerry and Shirley Gideon, Virginia Jenerou, Sandra Sien and Sally Walters.

Bernice Fountain and Lois Williams, both Cooks, took the bus trip. Miss Williams will model her own dress in the style revue and also demonstrate the correct way to lay a pattern on material. Theresa McManus, Steuben, will also participate in the latter competition.

Schoolcraft County boys at Camp Shaw are James Blanchard, Manistique; James Boyd, Germfask; Lief Christensen, Manistique; Meredith Freeland, Blaney Park; Bill and Dale McGahan, Cooks; and Larry Swisher, Germfask.

Alger County

Gloria Ritola, Eben Junction, will compete in a talent show, playing her accordion, at the Camp. Carol and Maria Multila, also Eben Junction, will perform as a tumbling team in the talent show.

Jonelle Knaus and Fairy Birk, both Trenary, will judge clothing workmanship. Miss Knaus will also model her own creation in the style revue.

Other Alger County residents at the Camp are Linda Hytinen, Trenary; Ronald Peura and Richard Sinervo, Deerton; and Sharon Wanska, Chatham.

Hungry Horse, Mont. Boasts Four Honors

HUNGRY HORSE, Mont. (AP) — Now that the reports are all in, it seems that four graduates of the eighth grade in the Hungry Horse school four years ago are all valedictorians. Their fathers then worked at the Hungry Horse Dam but since have moved away.

Last spring, Don Brownson became valedictorian at the Columbia Falls, Mont., high school. Marian Baird, Norman Seilstad and Edward Chatfield—all former classmates—were valedictorians at high schools in Bridgeport, Connell and Othello, Wash., respectively.

All-Star Hurlers Wild As Indians Win, 14-0

The Babe Ruth League all-stars had the first inning jitters in front of a large crowd at the annual game last night against the Escanaba Indians and never got over them. They lost the game by a 14-0 margin.

The stars sent three pitchers to the mound but none of them were effective. They combined to issue 17 walks and nine hits, including two homers in the first inning.

Norm Butler tossed one-hit ball at the stars while fanning four

and walking five.

Charley McCarthy, first all-star pitcher, opened the gates in the first inning when wildness got him in trouble. Bob Bero slapped a homer over the fence with the bases loaded and before the inning ended Jim Brown teed off for a homer.

The all-stars were never able to overcome that shaky start and

Christy's Bar Tops Top Manistique Team

Christy's Bar of Manistique scored three times in the first inning to insure a 4-2 City Softball League victory over front-running Top O' Lake. The loss was the third this season for the Lakers.

Last-place Inland handed Paper Mill a 22-8 drubbing in the other game played last night.

Tigers' Tuttle Makes Bid For Rookie Honors

DETROIT (AP)—When the Detroit Tigers first saw outfielder Bill Tuttle, their enthusiasm was only lukewarm. Today it is red hot.

Manager Fred Hutchinson of the Tigers boldly proclaims:

"Who has a better chance for rookie honors? Tuttle does everything and does it well."

Hutchinson is not worried over Tuttle's diminishing batting average. After leading the league for the first few weeks, the 25-year-old centerfielder slipped below the .300 mark.

"His average may be dipping," says Hutchinson, "but he's hitting the ball harder these days. And he's becoming more aggressive every game. He's one of the few players on our team who steals bases on his own."

The Tigers were not always this high on the Elmwood, Ill., speedster. In fact, he was almost by-passed in his first workouts.

At the time, Detroit was after a young shortstop named Ted Kazanski. All eyes followed Kazanski in the workouts but when signing time came, he slipped through the Tigers' fingers.

In a midnight meeting, Bob Carpenter, president of the Philadelphia Phillies signed Kazanski for \$100,000—a five-year agreement at \$20,000 per year.

The Tigers were miffed. They had been assured they would have last crack at the promising shortstop. But they were foiled at midnight.

So they looked over the other tryout candidates and signed Tuttle for \$10,000.

From the start, Tuttle was tabbed as a "good-field, no-hit" player.

He made minor league stops at Davenport, Iowa, Williamsport (Pa.) and Buffalo, before joining the Tigers.

He surprised all—but not himself—by breaking out with a rash of hits in the first few weeks of the season.

His batting average began to decline but his fielding remained on the same level—sharp, crisp.

BILL TUTTLE

The former Bradley University football star fits in perfectly with Detroit's "Youth Movement." The lone drawback is that he doesn't look like a rookie in the field, more like an old seasoned pro.

Harbert Meets Burkemo In PGA Tourney Finals

ST. PAUL, Minn. (AP)—Chick Harbert and Wally Burkemo, who thrive on match play met today in the final of what may be the best-played Professional Golf Assn. tournament in the post-war era.

It was the second man-to-man clash between these two, who live and work scarcely ten miles apart in suburban Detroit, and the third PGA final for each.

Burkemo, the defending champion, almost crushed Cary Middlecoff with one brief string of birdie-shooting in Monday's 36-hole semi-finals, let him get away and then came back to win on the 37th.

Harbert, twice runner-up but never a winner in this tournament, had to go clear to the 36th green to down Tommy Bolt, 1-up.

Burkemo and Harbert clashed in the second round of the 1951 PGA at Oakmont and Burkemo won on the 19th hole. Wally, playing in his first tournament, went all the way to the final where he took a 7 and 6 drubbing from Sam Snead.

Burkemo only lasted until the third round the next year, when

it was Harbert's turn to go to the final.

Burkemo won the title last year at Birmingham, Mich., beating Felice Torza, 2 and 1 in the final. Harbert, the one-time boy wonder of Michigan golf, now greying and portly, attained his first final at Detroit's Plum Hollow Club in 1947. Then Jim Ferrier's great putting cut him down, 2 and 1.

Harbert was Wild. Harbert, vice-president of a golf club manufacturer, was wild at times Monday, but gained a two-up lead at the 27 hole mark. Burkemo beat Burkemo's pars for seven holes, then sank an almost unbelievable 40-foot putt for a birdie on the 35th. Both hit the final green in two shots and Harbert ended the match by ramming a 12-footer into the cup.

Burkemo went from one down at the 20th to three up at the 25th by shooting birdies on four of five holes. He was still three up at the 30th, but his iron shots began to wander instead of hitting the greens. When Middlecoff, the 1949 open champion, rammed an approach stiff on the 36th green the match was square.

On the extra hole, Burkemo laid his approach within nine inches of the cup for a sure birdie. Middlecoff couldn't match that.

Gary Paler and Don Merrier, who followed McCarthy on the mound, also had trouble with their control.

The lone all-star hit off Butler came in the fifth inning, a single off the bat of Tony Kutches.

The all-stars will continue working out this week in preparation for their state tournament trip to Milford on Thursday. They will enter tournament action Friday.

The Escanaba all-stars are defending Babe Ruth League state champions.

Basketball And Track Eye TV

NEW YORK (AP)—College basketball and track are going to join football on big-time television this winter.

The American Broadcasting Co. lifted the wrap Monday from the plan they used to lure the NCAA's big football program from the National Broadcasting Co. and it showed a 26-week winter and spring schedule of college sports.

Robert H. O'Brien, executive vice president of ABC, and Les Arries, the network's sports director, said plans for the additional sports shows were not yet complete. But Arries said it probably would begin with the LaSalle-Niagara basketball game Dec. 11.

Other possibilities for the Saturday telecasts, Arries said, include the Dartmouth Winter Carnival, the Penn and Drake Relays, the IRA regatta at Syracuse, the Big Ten—Pacific Coast Track Meet and the Intercollegiate Rodeo at Colorado A&M.

ABC televised a college basketball game each week during last season over a network that covered the East and Midwest.

Trade circles said ABC paid about two million dollars for the football TV rights and speculated that the extra college shows probably swung the deal away from NBC. WNCB has countered with a Saturday schedule of Canadian pro football.

Home runs — Mays, New York, 34; Sauer, Chicago and Kluszewski, Cincinnati, 28.

Stolen bases — Bruton, Milwaukee, 20; Fondy, Chicago, 16.

Pitching — Antonelli, New York, 14-2, 875; Davis, Chicago, 7-2, 778.

Strikeouts — Haddix, St. Louis, 118; Roberts, Philadelphia, 113.

All-Stars Practice Without Spectators

LAFAYETTE, Ind. (AP)—Declaring that his All-Star college football squad is "vulnerable to scouting" head coach Jim Tatum has barred visitors from the practice field at Purdue.

"This will be one squad whose plans will not be reported to the pros," said Tatum.

Phog Allen Speaker At Coaching Clinic

MARQUETTE—Dr. F. C. "Phog" Allen, University of Kansas, winner of every conceivable honor in basketball, takes over the final day of the eighth annual coaching school at Northern Michigan College on Aug. 7.

Wherever basketball is discussed the name of Allen inevitably enters into the conversation. In 44 seasons of coaching basketball his teams have won 31 titles. His court teams have won a total of 746 games, and lost only 214.

Almost single-handedly he secured Olympic recognition for basketball; he was a founder of the National Basketball Coaches' Association and its first president; he is a charter member of the Helms Foundation Hall of Fame; was selected the "Basketball Man of the Year" in 1950, and the "Basketball Coach of the Year" in 1952; Missouri voted him into the State's Sports Hall of Fame, being a native son; he has been selected to coach all-star, college stars, East-West teams, and in 1952 was a co-coach of the United States Olympic team. Fifteen of his players have been selected on the annual All-America squads.

The Kinghawk of the Kaw will be shooting for his 25th Big Seven Conference championship in his 37-year tenure at Kansas. While tutoring Warrenburg Teachers from 1913 through 1919 he won seven crowns.

PHOG ALLEN

Dr. Allen begins his basketball lectures at 8:45 a. m., Saturday, Aug. 7, and will continue throughout the day. His part of the program winds up a three day session that brings Michigan's head football mentor, Bennie Oosterbaan, and Jim Kelly, Track Coach, University of Minnesota, to the Northern Michigan College campus. High school and college coaches from five states have enrolled for the clinic which opens at 8:45 a. m., Thursday, Aug. 5.

White Sox Hope For Three Straight Wins Over New York Yanks

By TOM BRANAGAN

CHICAGO (AP)—The Chicago White Sox dare to hope for three straight victories in a pressure-packed series starting tonight against the New York Yankees—the team that has been smashing Sox hopes all season.

"It wouldn't surprise me if we sweep the series," said manager Paul Richards as he prepared to send three top pitchers against the New Yorkers.

Virgil Trucks, a 13-game winner who has lost only five decisions, was Richards' choice for tonight's opener. The Yanks' Casey Stengel indicated he will counter with Harry Byrd, who has won six of 11.

Yanks Dumped Chisox

Trucks was to be followed by Billy Pierce and Sandy Consuegra. Byrd ed Lopat and either Allie Reynolds or Whitey Ford.

It was the Yanks who shoved the Sox back down the ladder in New York just last week. The Yanks took three out of four in that series. They now hold 11 wins over the Sox this season against only five losses.

The third place White Sox, six games off the pace of the leading Cleveland Indians and 4½ back of the Yanks hold an edge over all other American League rivals, including a 9 to 7 bulge over the Indians.

Schedule Favors Sox

Richards, who claims his boys "have been outlucked in several of those games" with the Yankees, points out that from here on the schedule favors the Sox. After this week's series, they play the Yanks only three more times and the Indians only six more. Meantime, the Yanks and Indians must meet each other eight times.

Richards bases his hopes of a series sweep on what he considers superior Sox pitching.

"I believe we have shown that

Pat Lesser Leading Amateur Tournament

By DALE BURGESS

INDIANAPOLIS (AP)—Pat Lesser, 20-year-old former women's intercollegiate golf champion, carried the medal into today's first round of the Women's Western Amateur tournament and it represented the best qualifying performance in the 54-year-old event.

She scored two eagles Monday in the course of a 3-under-par 72 round that was a stroke under the WPGA amateur record shared by several players. It also was a new women's mark for Broadmoor Country Club.

Miss Lesser, tall brunette who plays on the Seattle University men's golf team, got her sub-70 card in spite of a double-bogey 6 on the 18th hole.

Carol Diringor of Tiffin, Ohio, runnerup in the 1948 tourney to Louise Suggs, before the latter turned pro, had the second-best qualifying score of 74. Nobody else broke par.

FIGHTS LAST NIGHT

By The Associated Press
Brooklyn — Carmelo Costa, 129, Brooklyn, outpointed Vic Towel, 133, South Africa, 10.

New York — Paul Andrews, 175½, Buffalo, stopped Yvon Durelle, 166½, Baie St. Anne, New Brunswick, 5.

Los Angeles — Sgt. J.B. Reed, 193½, Vallejo, Calif., outpointed Jake Williams, 187, Los Angeles, 10.

Oakland, Calif. — Maurice Harper, 150, Oakland, outpointed Charles Sawyer, 149, Los Angeles, 10.

A's Not Up For Sale Says Mack

PHILADELPHIA (AP)—Roy Mack, executive vice president of the Philadelphia Athletics, announced at the midsummer baseball meetings in New York Monday that the A's are not for sale.

The eldest son of Connie Mack declared he was in a squabble with his younger brother, Earle, to obtain complete control of the club and change the downtrodden Athletics into a pennant contender.

Admitting that he had discussed the future of the A's with a syndicate headed by Arnold Johnson of Chicago, who has been pushing Kansas City for a major league franchise, as well as several groups from points west, Roy said:

"When I say we are definitely not selling, I mean that."

As for his hassle with his brother, Roy said:

"Some time ago, my brother Earle said he would give me an option to buy his stock. We went so far as to practically have the options drawn up for signature. Then he backed down."

The A's stock is divided just equally among Connie Sr., Earle and Roy.

"Go ask Roy where he is going to get the money," was General Manager Earle's comment.

Stanky, Hutchinson Could Be Next To Go

NEW YORK (NEA) — When it was reported here several weeks ago that Steve O'Neill's removal would be the first major move of Roy Hamey, the new general manager charged an outsider with tampering with the Phillies.

Hamey went to some length to explain that normal gripes had been interpreted as genuine discontentment.

The reporter told Hamey that the Philadelphia Nationals were openly criticizing Stout Steve O'Neill's tactics.

Hamey said that wasn't good, and it wasn't for in came Terry Moore.

Two more major league managerial switches seem imminent. They easily could involve Eddie Stanky of the Cardinals and the Tigers' Freddie Hutchinson.

Two managers have already gone, Phil Cavarretta of the Cubs having been replaced by Stan Hack before the first shot was fired. That was the first time in history a field marshal got the gate for looking at his athletes while losing exhibition games.

This is the open season on pilots and there could be a record turnover. This largely is due to the totally unbalanced leagues. With little more than half of the campaign concluded, three clubs dominate the American League and in the National only one, the Dodgers, has a Chinaman's chance of catching the Giants.

It wouldn't be at all surprising if there were nine changes by the time of the winter meetings.

A WASHINGTON BLOCK would struggle along without the services of Bucky Harris. Lou Boudreau could be caught in the switches of the Red Sox' youth movement. Eddie Joost would be pretty sure to close in one with the transfer of the Athletics' franchise. Jimmy Dykes is no more secure than the Orioles' position in the American League race.

Any further collapse of the Dodgers could mean Walter Alston's return to Triple A, where the foremost citizen of Dartmouth, O., fared so well.

August A. Busch Jr., gave Mugsy Stanky a vote of confidence as recently as July 18, just before the Red Birds blew another double-header to drop the highest-scoring outfit in the big show 18 games off the pace.

President Busch might not have given Stanky so much assurance after seeing him precipitate a free-for-all by throwing a football tackle on Manager Moore of the Phillies at the plate and having a game forfeited for stalling.

Stanky has two more years on

In This Corner

With Roy Crandall

They say the reason Escanaba's bid for the state Class B softball championship tournament was turned down was because this city was host to a state championship finals (Class A) last year . . . The rejection came as a complete surprise to softball officials here . . . Just the day before the announcement was made by Herb Kipke assigning the tournament to Coldwater, a person close to the U. P. softball scene called us to say: "Watch for a wire from Kipke today announcing acceptance of Escanaba's bid for the state B tournament finals."

Jim Spears, the Marquette Prison baseball team's second baseman, proved again that he is what Leonard Brumm calls "the best softball pitcher in the Upper Peninsula." . . . He faced a Marquette All Star team Sunday night and won 3-2 on a two-hitter . . . He whiffed nine batters to raise his strikeout total to 56 in 38 innings.

Mel Karkkainen of Escanaba continues to mow them down in the Upper Peninsula League . . . Pitching for Munising, Karkkainen went the route in a 10-3 victory over Republic Sunday afternoon . . . Mel had a shutout going until the final inning . . . Munising currently rests in fourth place in the league . . . Gwinn is setting the pace in the won-lost column.

Something new in the way of sports publications will hit the market soon . . . The Football Graphic, a publication devoted to football as the Sporting News is to baseball, will be published for the first time this fall . . . First issue is due Sept. 4 and the paper will be published for 18 consecutive weeks.

Mays And Mantle Are Top Sluggers

NEW YORK (AP)—Willie Mays of the New York Giants and Mickey Mantle of the New York Yankees, two of baseball's outstanding center fielders, top the major leagues in slugging today.

Slugging averages — based on total bases divided by official times at bat — compiled by The Associated Press disclosed that Mays has hit for 244 total bases in 353 trips to the plate for a pace — setting National League mark of .691.

Has 34 Homers

Willie, who heads both circuits in homers with 34, also has produced 16 doubles and six triples among his 114 hits.

Mantle's record shows 201 total bases in 340 at bats for a .591 average, the leading American League figure. Mickey numbers 12 doubles 10 triples and 20 home runs among his 109 hits

Said Mrs. Buckland, 'I Canceled Ad The First Day After Buying A Tricycle Before 5:30 That Same Night.'

Giants Drubbed 9-1 By Dodgers; Lead Shrinks

By JOE REICHLER
AP Sports Writer

The possibility of a Giant collapse was pooh-poohed by Manager Leo Durocher today but New York fans had cause for alarm. A humiliating 9-1 loss to Brooklyn Monday night stretched the slump-ridden Giants' losing streak to five straight and chiseled their first-place lead over the Dodgers to only three.

"I'm not worried about a thing," Durocher said. "They've still got to catch us. We're in a little slump, but I think the worst is over."

"We're back home for a long spell and everything will be all right."

Maglie In Rare Loss

The Dodgers' 15-hit victory was their first over Sal Maglie at Ebbets Field. Maglie had whipped them 10 straight times in Brooklyn.

Milwaukee's Braves, whose dimmed pennant chances began to flicker anew after their three-game sweep of the Giants over the past weekend, made it five in a row with a 3-1 victory over Pittsburgh.

Gene Conley, Milwaukee's 6-foot-8 rookie right-hander, doled out four hits while Billy Bruton and Eddie

Mathews were providing the offensive spark to move the third-place Braves to within 10½ games of the Giants.

Bruton opened the game with a triple off loser Bob Purkey and scored on a single by Mathews. In the third, Bruton singled, stole second and scored on Mathews' second single. Doubles by Joe Adcock and Adny Palko in the sixth accounted for Milwaukee's third run.

Spotlight On Chicago

All other clubs had an off day as they girded themselves for the busy schedule today. The spotlight is on Chicago, where the second-place New York Yankees and third-place White Sox meet in the first of a three-game series. Cleveland, which leads the Yankees by a game and a half, is host to Boston's Red Sox, whom they've beaten 13 times in 14 meetings.

The Dodgers, who were scheduled to meet Chicago's Cubs this afternoon, made short work of Maglie Monday night, blasting him for 11 hits before sending him to the showers in the sixth inning. They continued their barrage on relievers Hoyt Wilhelm, Paul Giel and Al Corbin. Pee Wee Reese and Jackie Robinson collected three hits apiece.

The Giants, who had whipped the Dodgers in their last six meetings, were limited to five hits by Carl Erskine.

REPEATER? — This may be the first year since 1936-37 that fillies have topped the Hambletonian Stakes at Goshen, N. Y., two summers running. Helicopter trotted down in front of a year ago, and Princess Rodney, above, Frank Ervin up, has a mighty good chance to make it two in a row for the girls, Aug. 4. (NEA Photo)

Hutch Happy On Sidelines

DETROIT (AP)—Regardless of how his starting pitchers fare tonight in a two-night doubleheader against Philadelphia Athletics, Tiger skipper Fred Hutchinson will be glad to sit in the Bengal dugout.

Fiery Freddy, who at one time had a pretty good curve and control in his pitching days for the Tigers, found out Monday night the hard way about the fate of a rusty arm.

Hutch took the mound in relief in an exhibition game at Cincinnati against the Red Legs of the National League.

The game was called at the end of the ninth inning with the score knotted 13-13 because the Tigers had to catch a train for Briggs Stadium.

Hutch replaced started Ray Herbert in the seventh inning with Detroit ahead 13-6. And in the final frames Hutchinson was tagged for seven runs on 11 hits.

Steve Gromek (11-9) and Ned Garver (7-6) are slated to pitch for Detroit tonight.

Landy Serves Notice With Fast Workout

VANCOUVER (AP)—John Michael Landy, Australia's sensational miler, served notice today that the Aug. 7 British Empire Games mile classic may produce the third under-four-minute mile in history.

The 24-year-old runner, who holds the world record of 3:58, covered three-quarters of a mile in 2:59.4 Monday.

While Landy worked out at the stadium, Roger Bannister of England, first man to crack the four-minute barrier, jogged around a nearby golf course.

Yesterday's Stars

By The Associated Press
Pitching — Carl Erskine, Brooklyn Dodgers, gave up only five hits and an unearned run as the Dodgers sliced the New York Giants' lead to three games with a 9-1 victory.

Batting — Eddie Mathews, Milwaukee Braves, drove in two runs with two singles as the Braves defeated the Pittsburgh Pirates 3-1.

Costa Impresses Beating Towel

NEW YORK (AP)—Vic Towel lost a unanimous 10-round decision Monday night to Carmelo Costa of Brooklyn, who has all the earmarks of a real corner.

At 133 pounds, Towel was 15 over his weight when he lost his world bantam crown to Jimmy Carruthers in '52, and he was slow compared to the clever 20-year-old hit and run featherweight who is unbeaten in 25 pro fights.

It was Towel's first fight out of his native South Africa and his first since December.

Costa weighed 129 pounds.

Paulie Andrews of Buffalo, N.Y., knocked out Canadian Yvon Durelle in 1:06 of the fifth round Monday night at St. Nicholas Arena, finishing the bout with a right to the head. The Canadian lost every round on the cards of all three ring officials.

Next for Andrews is an Aug. 18 Wednesday date in Chicago Stadium for which no opponent has been named.

Andrews weighed 175½, Durelle 166½.

Stella Walsh To Defend Track Title

HARRISBURG, Pa. (AP)—A Montrose, Calif., woman who holds more records than any other woman athlete is among the 162 entries in the National Women's AAU track and field meet here Friday and Saturday.

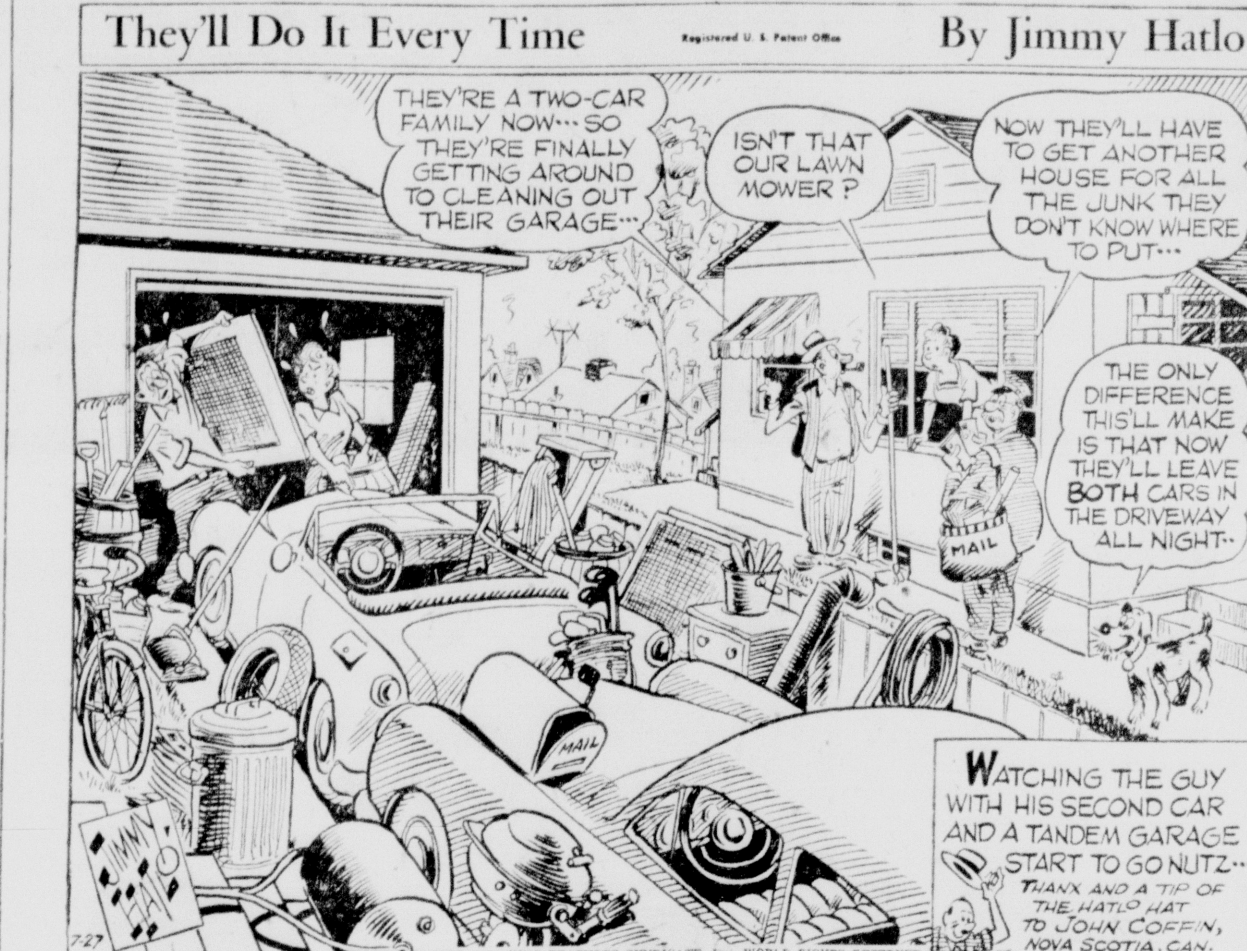

Stella Walsh, who set her first national record in 1930, will defend her 19 feet 4.8 inches in the broad jump.

Defending champion Mabel Landry of Chicago has unofficially topped that mark.

Convicts Chase Fly, And Keep On Running

AHOSKIE, N. C. (AP)—Three Currituck County prison inmates were unaccounted for after a baseball game between the camp teams of Hertford and Currituck Counties.

The batter knocked a long, high fly. Three fielders ran after it — and kept running.
